Gilbert-

Below is the cost for the requested changes/adds for the benches.

I plan on field verifying County Clerks reception area to ensure the 8ft works well. Also, the jury assembly cushion add will be for the seat ONLY, not the backs. Will this suffice? I think this is a good idea to consider while keeping a uniform look. Is this something we need to run by Judge Culver or would you like to proceed? Thanks, Sheree

Subject: Fort Bend County - Justice Center Pew Options

Sheree:

It will not be a problem to make the additions to your order we discussed this morning. Costs would be as follows.

1. Add one 8'0" free-standing armless pew, all-wood (944pew body), to the current order = \$408.00
2. Add seat cushion (984 seat) to 30 linear feet of pews in jury assembly area = \$450.00

Total cost for above:      \$858.00

If the county would like to add these to the order, please have them issue a change order for the purchase order.

Thank you.
