Subject: THE EMERGENCY PURCHASE OF EQUIPMENT

Good Morning Lou Ann

On Monday, 06-06-2011, I had a blowout on my county vehicle. My DEA supervisor, GS Andy Large instructed me to purchase a new tire for my vehicle through a vender that DEA uses and DEA would pay for it. This is the reason why the County was not contacted to obtain a purchase order before the purchase of the tire was made. On Tuesday, 06-14-2011, GS Andy Large advised me to contact the County to see if they can pay for the tire and be reimbursed through OCDEF Funds. The OCDEF account has the funds available to reimburse the County \$246.50 for the new tire. I apologize for any inconvenience in this matter. Thank You

Billy D. Davis, Detective

Fort Bend County Sheriff's Office
