According to the *2010/2011 Compensation Guide for Anti-Fraud Professionals*, CFEs earn nearly 22 percent more than their non-certified colleagues.

CFEs have a unique set of skills that are not found in any other career field or discipline; they combine knowledge of complex financial transactions with an understanding of methods, law, and how to resolve allegations of fraud. Fraud examiners are also trained to understand not only how fraud occurs, but why.

The CFE credential is recognized in the hiring and promotion policies of leading organizations, including the FBI, the U.S. Department of Defense and the U.S. Securities and Exchange Commission (SEC).

**Distinguish yourself as an expert in this field today by attending our CFE Exam Review Course.**

This 3½-day, instructor-led course will help you master the concepts tested on the CFE Exam - Financial Transactions, Legal Elements of Fraud, Fraud Investigation and Fraud Prevention and Deterrence. This course, in combination with the *CFE Exam Prep Course* software, will provide you with an unbeatable combination for passing the exam.

**Pass the CFE Exam before you leave**

We are pleased to offer our *CFE Exam Review Course* attendees the option of taking the CFE Exam starting the second day of the course.
