TXMAS Sales Quotation # MV013012ITT2
1/30/12

TXMAS-9-84070
Quote valid 45 days.

Chris- As requested.

	Item	Description	Each	Qty	Extended
1	NEPVS14-17	ITT Night Enforcer PVS-14 Monocular Kit Gen 3 PINNACLE (Thin-Filmed/Auto-Gated) w/ Variable Gain Control Includes: Head Mount Assembly, demist shield, sacrificial window, Brow Pads, Helmet / Head Mount Adapter, Eye Cup, Shoulder Strap, Lens Paper, System Soft Case, Unit Soft Case, Daylight Filter, Diopter Lens Cap, Operators Manual, (2) AA Batteries. Warranty: 5-Year Intensifier Tube, 3-Year System	\$2,998.98	32	\$95,967.36
2	A3256368-2	Helmet Mount Assembly (MICH/ACH/Protec) Order -1 for PASGT	\$185.00	32	\$5,920.00
3	TM14	Aimpoint Twist Mount w/ 1 year warranty	\$89.00	32	\$2,848.00
	Shipping	CONUS; TX DELIVERY less than 30 days ARO			\$177.00
TOTAL					\$104,912.36

Export of U.S. manufactured night vision equipment is strictly prohibited without a valid export license issued by the U.S. Department of State Office of Defense Trade Controls, in accordance with International Traffic in Arms (ITAR), Title 22, Code of Federal Regulations Part 120-130, and/or the U.S. Department of Commerce. INFORMATION FOR ORDERING

CONTRACT NO/PERIOD: Texas Multiple Award Schedule **TX 9-84070** effective through 31 Jul 2012
CONTRACTOR: MaxaVision Technologies 561-743-8180 (ph)
(ORDER/REMIT ADDRESS) www.maxavision.net
CAGE CODE: 02JL5
BUSINESS TYPE AND SIZE: Small Dealer
TAX ID NUMBER: 65-043-8414
DUNS NUMBER: 92-980-4102

POINT OF PRODUCTION: (SIN 426-3A) Edgemont, Pennsylvania
(SIN 426-4C) Roanoke, Virginia & Burlington, MA
(SIN 426-4S) Hauppauge, NY & Riviera Beach, FL
(SIN 426-4J) Edenbridge, Kent, UK

PROMPT PAYMENT TERMS: 1% - 20 days, Net 30 days
CREDIT CARD ORDERS (GCCC): Accepted (VISA & MasterCard)
FOREIGN ITEMS: None
TIME OF DELIVERY: Deliveries are product specific – call to verify
EXPEDITED DELIVERY: 7-10 days ARO (to place shipment in transit) – call to verify
URGENT REQUIREMENTS: Consult with Contractor
FOB POINT: FOB origin, prepaid and allowed, for UPS Ground in the 48 contiguous states. Freight prepaid & charged back to all other locations.
WARRANTY PROVISIONS: Standard Commercial Warranty
CCR REGISTRATION Valid through 12/22/06

WARRANTY STATEMENT

Generation 3 Systems

(NEPVS14-17, NE6010, NE6015, AN/PVS14, F7201A)

For Night Enforcer® products:

- 5 year warranty on intensifier tube
- 3 year warranty on system parts

For all other products and accessories:

ITT Night Vision offers high-performance night vision systems built to endure the challenges and demands of the homeland security environment. ITT Night Vision warrants each product to the original purchaser/owner to be free from defects in workmanship and materials for the duration of the specified warranty period.

In the event of any malfunction or defect, ITT Night Vision will repair or replace the product, at its option, free of charge within the warranty period.

Enclosed with each ITT Night Vision product are specific warranty information and operating instructions. To obtain warranty service on original equipment, purchaser/owner must contact his/her dealer or call ITT Night Vision Technical Support Center during business hours (EST) at (800) 448-8678 or (540) 362-8000.

The published warranties are available to law enforcement and security personnel on Night Enforcer® products **purchased through an ITT Night Vision authorized law enforcement dealer or direct from ITT Night Vision.**

Note: ITT Night Vision warranties become void if products are taken outside of the country for which they are licensed.
The material content contained in this catalog is derived from information previously approved for unlimited public release.
All Generation 3 products and accessories require an export license from the U.S. Department of State

ITT Night Enforcer® NEPVS-14 Generation 3 PINNACLE® Monocular Night Vision Device (MNVD)

ITT NEPVS-14. ITT Night Vision, the world's leading producer of Generation (Gen) 3 night vision devices, introduces the new Night Enforcer® NEPVS-14 PINNACLE® Monocular Night Vision Device (MNVD). The multi-functional NEPVS-14 light-weight, single-battery, battle-proven design features the latest auto-gated, thin-filmed PINNACLE® image intensifier tube technology as well as variable gain control allowing the user to increase or decrease image tube brightness for greater image contrast in varying light conditions. Designed for the most demanding military and law enforcement applications, the NEPVS-14 can be handheld, head-mounted, helmet-mounted, weapons-mounted, and adapted to a camera or camcorder.

PART #: NEPVS14-17

Features and Benefits:

- ITT PINNACLE® Image Intensifier Tube - Thin-Filmed/Auto-Gated
- High resolution 64 lp/mm (Typ), high gain and high photoresponse in visible and near infrared
- Variable Gain Control for enhanced performance in altering light conditions
- Camera and video adaptable
- Multi-functional: helmet-mountable, head-mountable, hand-held and weapons-mountable

Standard Accessories Included:

- **Head Mount Assembly** - Allows for hands-free operation.
- **Brow Pad** - Changeable pad for secure head mount fit.
- **Helmet/Head Mount Adapter** - Allows the user to position the monocular in front of either eye.
- **Eye Cup** - Prevents the emission of stray light or facial reflections.
- **System Soft Carrying Case** - Provides convenient storage of NEPVS-14 and accessories.
- **Unit Soft Carrying Case** - Provides convenient storage of NEPVS-14.
- **Shoulder Strap** - Attaches to the NEPVS-14 carrying case for easy portability.
- **Lens Paper** - Used to lightly clean the objective and eyepiece glass surfaces.
- **Day Light Filter** - Filters excessive light. Protects objective lens from the elements.
- **Diopter Lens Cap** - Protects diopter lens from the elements.
- **Operator's Manual** - Instructional users guide.
- **Batteries** - Two (2) AA. (includes one (1) spare).

Optional Accessories (not included):

- 3-in-1 Magnifier Lens
- 3x Mil-Spec Magnifier Lens
- 5x Mil-Spec Magnifier Lens
- 10x Magnifier Lens
- VIP IR Signal Beacon – Dual Function
- IR Laser Stick – Dual Function
- Guardian IR Flashing Marker
- Guardian IR Mockingbird Marker
- IR Illuminator – Handheld
- Camera Adapter Assembly
- Step Up/Down Kit
- Helmet Mount Assembly PASGT
- Helmet Mount Assembly MICH
- Aimpoint® CompM2-M4 Series Weapons Sights
- Eotech Holographic 550 Series Weapons Sights
- Monoloc™ Universal Adapter
- Monoloc™ Bushing #12
- EOLAD Series Laser Aiming Devices
- DBAL Series Laser Aiming Devices
- OTAL Series Laser Aiming Devices
- ITAL Series Laser Aiming Devices
- ARMS #M69 Adjustable Throw Lever Mount
- GG&G QD Multi-Flex High Mount
- Shipping & Storage Case
- SKB Mil-Standard Hard Case
- Combat Carrying Case w/ Molle-Loks
- Demist Shield
- Sacrificial Window
- Magnetic Compass

**Image Intensifier, Generation 3 18mm F9815SLN and F9815SLG
(MX-11769) U.S. Customers Only**

ITT Night Vision, the world's leading producer of Generation (Gen 3) image intensification devices, offers the highest performance image intensifier tubes available.

ITT's Gen 3 F9815SLN and F9815SLG (MX-11769) image intensifier tubes are designed for use in the PVS-14 Monocular Night Vision Device.

ITT's MX-11769 Gen 3 18-mm image intensifier is completely self-contained with an integral high-voltage power supply. Equipped with automatic brightness control (ABC), this power supply provides constant output image brightness as light levels increase. It also provides bright-source protection to guard the tube against exposure to high levels of light.

Description

ITT's Gen 3 F9815SLN and F9810SLG (MX-11769) image intensifier tubes consists of a high-efficiency GaAs photocathode bonded to a glass input window, a microchannel plate (MCP) current amplifier, and a P-43 phosphor screen deposited on an inverting fiber-optic output window.

The Gen 3 photocathode is very sensitive to low-radiation levels of visible and, especially, near infrared light. It also provides very high signal-to-noise ratio (SNR) for extended detection ranges at very low light levels as well as variable gain to optimize performance in the PVS-14. The 6-micron channel spacing in ITT's MCP provides exceptional resolution. The MCP has a thin ion-barrier film that preserves photocathode sensitivity during operation, thereby greatly extending the life of Gen 3 tubes compared to Gen 2.

ITT continues to improve Gen 3 MX-11769 image intensifier tubes to increase operational range and situational awareness for the user. Equipped with an auto-gated power supply, the Pinnacle® versions provide truly outstanding performances in high-light or light-polluted areas, such as urban environments. In addition, the Pinnacle® tube provides a much reduced halo.

Tube Performance Levels

Tube Model	F9815SLG Pinnacle®
Part #	ITTT-277016-1
Gate Type	Auto-Gated
Film Type	Thin-Filmed
Resolution, lp/mm	57 (Min), 64 (Typ)
Photocathode Sensitivity	1350 (Min)
Signal/Noise Ratio	16.2 (Min), 21 (Typ)
EBI	2.5 x 10E-11 Phot (Max)
Maximum Spots Allowed in Each Zone	Zone
Spot Size (in.)	1 2 3
>.012 – .015	0 0 0
>.009 – .012	0 0 1
>.006 – .009	0 2 2
>.003 – .006	0 2 3

Susan Combs Texas Comptroller of Public Accounts

Search TXMAS Contracts

Rebates: Pursuant to Texas Government Code § 2155.510(b), rebates generated from TXMAS contract purchases made using federal funds must be reported to the federal funding agency for reporting and reconciliation purchases. Each quarter of the State's fiscal year, TXMAS contractors rebate .75% of their TXMAS sales to the State of Texas via the Texas Comptroller of Public Accounts (CPA). It is the purchasing entity's responsibility to report the amount of rebate using the above percent based on the total dollar value of the TXMAS purchase order.

Example: A purchasing entity receives and uses federal funds of \$50,000 to purchase items/services on a TXMAS contract. The purchasing entity must report to the federal fund-provider that a sales rebate of \$375 ($\$50,000 * .75\% = \375) will be paid to the State of Texas by the TXMAS contractor.

FRANCIE@MAXAVISION.NET

Effective Date: This Texas Multiple Award Schedule (TXMAS) contract is effective beginning 6/29/2009 through 7/31/2016 and is automatically renewed on the date that the General Services Administration (GSA) exercises the renewal option. All State of Texas terms and conditions will continue and apply to all renewal periods by mutual agreement. The contractor has certified that the prices reflected in the contractor's catalog are the same as the prices contained in the most current modification to GSA Contract No. GS-07F-9160D.

Placement of Orders: Purchasing entities must use both the instructions on the contractor's web page and the terms and conditions in the federal supply schedule to place orders. Purchasing entities may use either a departmental purchase order or the contractor's on-line ordering system to place orders. Purchasing entities may opt out of using the contractor's on-line ordering system if it is incompatible with the entity's purchasing procedures. The contractor is not required to accept orders below the minimum listed below. Orders between the minimum and maximum listed below are subject to GSA preferred customer pricing. For orders above the maximum, purchasing entities are entitled to negotiate for lower prices than those listed on the on-line federal supply schedule price list.

Order Limitation:

Minimum Order: \$50

Maximum Order: \$200,000 PER SIN; \$600,000 PER ORDER

Approved Products/Services: Only products or services listed in the CPA approved GSA contract may be purchased from this TXMAS contract, with one exception. Incidental, off-schedule items may be purchased as "best value, open market" items provided that they are necessary for product integration or product completeness. The purchasing entity is responsible for ensuring that the quoted price for such incidental items is fair and reasonable. These incidental items may be added to the TXMAS purchase order if they are clearly labeled as "open market (OM), best value" items.

State Contracts: All Texas Council for Purchasing from People with Disabilities contracts and Texas Correctional Industries (TCI) term contracts take precedence over this TXMAS contract. If similar products or services are listed on this TXMAS contract and a CPA term contract, a determination should be made that will result in a best value purchase.

Payment Due Date: Payment will be due on the thirtieth (30) calendar day after the later of: (a) the date the State actually receives a proper invoice at the office designated in the applicable purchase order to receive it; or (b) the date the State accepts the products or services. The post mark date on the envelope for the State warrant (State's equivalent to a check) or banking information showing when a direct deposit transaction was received will be considered the date payment is made. Interest starts accruing on the first day that payment is late. The rate of interest for late payments is set at one percent per month.

Special Note: The State of Texas, including but not limited to its Agencies, cooperative purchasing members and any local governmental entity authorized by law to use the Texas Multiple Award Schedule method for purchasing is not obligated to procure any products or services from this TXMAS contract. This schedule contract shall not be construed to prevent the State from purchasing products or services using other procurement methods as authorized by law.
