**FORT BEND COUNTY - AIRCHECK TEXAS
LOW INCOME REPAIR, RETROFIT AND ACCELERATED VEHICLE REPLACEMENT
PROGRAM (LIRAP) ACTIVITY PLAN**

PURPOSE

This document has been developed and is submitted to the Texas Commissioner Environmental Quality (TCEQ) in fulfillment of the requirement for a LIRAP activity plan, as contained in the grant agreement between Fort Bend County and TCEQ. It also serves as the scope of services for the agreement between Fort Bend County and the Houston-Galveston Area Council (H-GAC) to administer LIRAP.

BACKGROUND

The low income vehicle repair, retrofit and accelerated vehicle replacement program (LIRAP) provides financial assistance for low income vehicle owners whose vehicles have failed emissions tests. Financial assistance can be used to repair the vehicle so that it may pass the emissions test or retrofit the vehicle to pass the emissions test. Vehicles failing emissions tests may also be retired by providing assistance to low income owners to purchase a replacement vehicle.

H-GAC will administer LIRAP in and on behalf of, Fort Bend County. The program will be implemented in accordance with state law, TCEQ rules and the agreement between Fort Bend County and TCEQ.

PROGRAM DESIGN

H-GAC will implement the program through its human services department, in cooperation with its transportation/air quality department. A program administrative unit in the H-GAC offices will approve applications for assistance and authorize payments. H-GAC will staff the administrative unit with adequate, qualified personnel. Job descriptions and names of persons filling the positions will be maintained by H-GAC, and provided to Fort Bend County and TCEQ upon request. In addition, to the extent administrative funds are available a limited number of The WorkSource career offices will assist in determining financial eligibility.

The H-GAC program administrator will perform the following tasks:

- Manage LIRAP services within Fort Bend County
- Disseminate public information on LIRAP
- Respond to public concerns, complaints and appeals
- Process applications, authorize vouchers and approve payments
- Negotiate vendor agreements with Texas DPS recognized emission repair facilities
- Verify applicant and vehicle eligibility
- Provide information to applicants about DPS recognized emission repair facilities
- Maintain a program database and prepare required reports to TCEQ and Fort Bend County
- Monitor program activity for compliance with applicable laws and rules
- Evaluate the program and revise as needed

DETERMINING ELIGIBILITY

Applications for LIRAP assistance will be available in Fort Bend County at the local WorkSource office on Lane Drive in Rosenberg, Fort Bend County's Social Services Department and online at www.h-gac.com as well as vehicle inspection and maintenance stations, TCEQ offices and DPS offices. To be eligible for LIRAP, a vehicle owner's net family income must be at or below 200% of the federal poverty level. Individuals applying for LIRAP assistance must provide information documenting their financial status to H-GAC by mail, fax or email, or in person at a designated WorkSource office. Applicants must provide source documents, such as pay stubs, documenting their last three months' income. Applicants may also document their eligibility by providing information demonstrating that they qualify for the following Texas Department of Human Services programs: Medicaid, Temporary Assistance for Needy Families (TANF), Children's Health Insurance Program (CHIP), Supplemental Security Income (SSI), Refugee Relocation programs and Food Stamps. H-GAC can access relevant state data bases to verify the applicant's status for TANF and Food Stamp programs. Case numbers and other sensitive information will remain confidential. Applicants may provide alternative documentation for other public assistance programs by providing a CHIP insurance card, Medicaid identification letter, evidence of SSI payments or other TCEQ acceptable documentation. The applicant will also be required to certify that the information provided is true and correct.

In addition to income eligibility, the vehicle must have been registered in Fort Bend County for the past two years and failed an emissions test within the last thirty days. Vehicle registration data will be verified by H-GAC using the Vehicle Information Database. The verification will be accomplished through TCEQ until H-GAC is able to access that database directly. The applicant must also provide the Vehicle Inspection Report (VIR) verifying that the vehicle has passed the safety test, but failed the emissions test.

For the accelerated vehicle retirement program, the applicant must also establish vehicle ownership.

LIRAP funds will not be used for fleet vehicles, commercial vehicles, government vehicles, classic vehicles or vehicles not regularly used for transportation during the normal course of daily activities.

AUTHORIZING ASSISTANCE

H-GAC will approve applications and issue vouchers to eligible applicants. The vouchers will authorize payments to DPS recognized emission repair facilities and to approved car dealers for replacement vehicles. The vouchers will authorize reimbursement of up to \$600 for vehicle repairs and \$1,000 for vehicle replacement. For repairs, the applicant must pay \$30 toward the total repair cost. Payments to vendors will be in accordance with vendor agreements for actual repair expenses incurred, less the \$30 applicant payment.

□ VEHICLE REPAIR PROGRAM

To be eligible for the Vehicle Repair Program, vehicles of low income-eligible persons must have failed an emissions test in the last 30 days and passed the safety test or provide assurance that it can pass the safety test. Vehicles must be registered in Fort Bend County, be operable, be between 2 and 24 years old and gasoline powered.

The following steps outline the program flow from application to payment authorization and repair. These steps may be revised as necessary for efficient administration.

1. Vehicle owner submits application within 30 days of failed emissions test by mail to H-GAC or at a WorkSource office.
2. H-GAC verifies vehicle owner eligibility.
3. H-GAC approves the application and provides applicant a voucher and a list of recognized repair facilities.
4. The applicant takes vehicle and voucher to a recognized repair facility.
5. Repair facility performs diagnostics, determines repair requirements and costs.
6. Vehicle owner may decline to participate further, opt for vehicle retirement, or agree to repairs.
7. If owner opts for repairs, repairs are attempted.
8. Upon successful completion of repairs (vehicle must pass an emissions test prior to the repair facility getting reimbursed), repair facility forwards a copy of the invoices, signed by the vehicle owner and the re-test VIR for reimbursement.
9. H-GAC will reimburse the repair facility after receiving complete, properly documented paperwork.

□ VEHICLE RETROFIT PROGRAM

At this time, there is no currently approved EPA certified or verified retrofit equipment available for use on gasoline engines

□ ACCELERATED VEHICLE RETIREMENT

Financial assistance may be provided to a qualifying vehicle owner to retire a vehicle that has failed an emissions test. The assistance is used to purchase a replacement vehicle after determining that repair or retrofit is not economical. The vehicle owner will be required to deliver the vehicle failing the emissions test to a designated retirement facility. Financial assistance for purchase of a replacement vehicle can range from \$600 to \$1,000.

To be eligible for the accelerated vehicle retirement program, vehicles must have failed an emissions test in the last 30 days and passed a DPS safety or safety and emissions inspection test within the last 15 months. The vehicle must be currently registered in Fort Bend County and must have been registered in Fort Bend County for the past two years. It must be operable and be within 2 to 24 years old and gasoline powered.

The following steps outline the program flow from eligibility determination, to payment authorization to vehicle retirement and replacement.

1. Vehicle owner submits application within 30 days of failed emissions test by mail to H-GAC or at a WorkSource office.
2. H-GAC verifies vehicle owner eligibility, including vehicle title and send owner a voucher, retirement information sheet, and a list of salvage yards..
3. Applicant takes vehicle and retirement information sheet to a licensed salvage facility.
4. Retirement facility accepts vehicle and destroys, recycles, or dismantles vehicle. (Forward copy of signed information sheet to H-GAC)

5. Owner makes arrangements with licensed Texas auto dealer to purchase replacement vehicle and sends H-GAC completed voucher (signed by owner and dealership) and signed buyer's order.
6. Replacement vehicle must have passed an emissions test and have a current inspection sticker that is no more than three months prior to the purchase date. Verification that the vehicle has successfully passed the safety and emissions test must be presented to H-GAC.
7. H-GAC pays auto dealer when we have received the signed voucher, buyer's order, and retirement information sheet.

VENDOR RELATIONS

H-GAC will develop and execute vendor agreements with designated repair facilities. All DPS recognized repair facilities are eligible to enter into vendor agreements. The agreement will describe vendor and H-GAC responsibilities, paperwork flow and procedures for reimbursement. The vendor agreement will also include language concerning LIRAP provisions and penalties for fraud. A designated staff person will work with vendors to develop the agreements, answer vendor questions and disseminate information to the vendor network.

PROGRAM MONITORING

H-GAC will implement program controls, including a monitoring program, consistent with funding available, that provides safeguards for preventing fraud. Vendor invoices will be reviewed against industry standards for such repairs. A selected group of vendors will be monitored for proper payment, completion of required repairs and compliance with the vendor agreement. Likewise, selected applicant files will be tested for eligibility and adequacy of documentation.

H-GAC will review data from the reporting system to determine if any monitoring activities are warranted and if necessary, take corrective action. H-GAC will also respond to complaints of improper activity, investigate them to the extent resources permit and report to TCEQ, TDPS or other local authorities if circumstances warrant. H-GAC and Fort Bend County understand that if these controls and monitoring procedures are implemented that TCEQ will not disallow costs for ineligible participants or repair costs resulting from participant or vendor misrepresentations.

OTHER H-GAC PROGRAM FEATURES

In addition to administering LIRAP, H-GAC will work with the region's Air Emission Reduction Credit Organization to develop private sector support and credits. H-GAC will also disseminate public information materials to vendors, repair stations, career center offices and non-profit agencies.

LEVELS OF SERVICE

Based upon TCEQ estimates approximately 4,387 vehicle owners will qualify for repair or replacement assistance during the first full year of operation. As required by TCEQ, H-GAC will track the following indicators of service:

- Number of persons applying for assistance

- Number of persons qualifying for assistance
- Number of vehicles repaired
- Number of vehicles replaced

H-GAC will, at the end of each quarter, deliver the TCEQ-required spreadsheet and Financial Status Report to the TCEQ and to Fort Bend County. H-GAC will maintain records on the LIRAP program for a minimum of three years.

ANNUALIZED BUDGET

Personnel will be assigned to the project based upon business volume, need and available funding. Fort Bend County funds will not be available until May 1, 2003. H-GAC will fund the program until the first advance from TCEQ is received by Fort Bend County at which time payment will be made from Fort Bend County to H-GAC per Interlocal Agreement with H-GAC. Fort Bend County will contribute approximately \$8,785 in state fiscal year 2003 funds toward H-GAC's 2003 administrative budget, based on estimates from TCEQ. PAYMENT OF FUNDS

TCEQ will advance funds collected from fiscal year 2003(May 1-August 31, 2003) to Fort Bend County. Fort Bend County will advance these funds to H-GAC upon request by H-GAC and authorization of the proper Fort Bend County official.

After the initial advance, Fort Bend County will request that TCEQ reimburse actual expenses incurred by H-GAC quarterly using the procedures described below.

REIMBURSEMENT PROCESS

H-GAC will prepare and certify the Supplemental Form #269 (Financial Status Report) quarterly. The Financial Status Report will be submitted by the 15th day following the appropriate quarter as outlined below:

September, October, November – due December 15th

December, January, February – due March 15th

March, April, May – due June 15th

The original Financial Status Report along with a purchase voucher will be submitted to the Fort Bend County, Office of the County Judge. In addition, a copy will be submitted to the Fort Bend County Auditor's Office, Grant Accountant – Joyce Kovar or her successor.

The Fort Bend County Auditor's Office will perform a review of the Financial Status Report to determine that H-GAC is not exceeding the 5% limit on administrative costs. Subsequent to this review, Fort Bend's Auditor will forward the Original Financial Status Report onto TCEQ for processing.

TCEQ will wire funds to Fort Bend County no later than 30 days after receipt of the reimbursement request in accordance with Fort Bend County's wire transfer instructions. Fort Bend County will release a check to H-GAC within 21 days after funds are received from TCEQ. The payment will be based on the quarterly Financial Statement and Purchase Voucher originally submitted by H-GAC.

Interest earned in excess of \$250 per year from the state funding is considered program income. Five percent of the interest earned may be used for program administration. The remaining funds may be committed to vehicle repair, retrofit, and retirement.

Upon receipt of the initial advance, the ongoing Financial Status Reports from H-GAC, and the reimbursements from TCEQ, the Fort Bend County Auditor will make the appropriate General Ledger entries in accordance with Generally Accepted Accounting Principles.

REPORTING PROCESS

H-GAC will prepare all TCEQ required activity reports quarterly. These quarterly activity reports shall be submitted along with the applicable Financial Status Report to the Fort Bend County Auditor and a copy to Office of the County Judge for Fort Bend. Fort Bend County will forward the applicable Financial Status Report and the Quarterly activity reports onto TCEQ upon completion of the review noted in the Reimbursement Process section of this activity plan.

RECORD RETENTION

H-GAC shall maintain records adequate to verify the costs incurred in conducting LIRAP and shall afford Fort Bend County and its authorized representatives the opportunity to inspect and audit such records upon reasonable notice. Records relating to LIRAP shall be maintained for three (3) years after the expiration of the Agreement or until all claims or disputes relating to the Agreement are resolved, whichever is later.

TCEQ will prepare quarterly reports indicating total actual collections and the amount applicable to Fort Bend County by the 20th of the month following the end of the quarter. These reports will be sent to Fort Bend County and H-GAC no later than the 25th of each month following the end of the quarter.
