Good Morning Ms. Kaminski,

I checked on the bid assistance that was applicable on 2011 model vans that was used in the 11-028 bids. The \$5500.00 used then is the same now for a 2500 extended wheelbase van for 2012. Using the same required equipment in the bid request, we can deliver the same van in a 2012 model for \$23286.56. This amounts to a 6.165% increase over the 2011 model. Please call me after your review.

Thanks,

Joe

Hello Ms. Kaminski,

I will have an answer on the van ordering in the morning. I have been out most of today. The bid in the attachment was for 2011 models, so those prices have changed. I will also be calling you about delivering the 2012 2500 regular cab long bed Blue Granite pick-up. Please call me if you have any questions.

Thanks,

Joe Johnson

2 questions:

1. Can we still order vans?
2. Will you hold the price on Vehicle 6?
