Re: Gas purchase

Milton,

Please review the attached memo. As you are aware, the county gas pumps are habitually out of service. On the dates in question, the pumps would not function. As you can tell from the number of gallons dispensed on 6-24-12 the vehicle was near empty, capacity of 18 gallons. On the 18<sup>th</sup> I only purchased enough, 2 gallons, to hold over until the pumps were working. I am requesting that you intervene in this matter.

PLACE ON AGENDA
