Subject: Your Target grant request

Fort Bend County Sheriff's Office
2012-2013 Program: retail organized crime/ surveillance tracking device
Amount: \$4,995.00

Dear Sergeant Schultz:

Target is pleased to inform your organization that a grant has been approved specifically for the program and amount referenced above. Your grant check should arrive in the next few weeks. Please note that your grant check is void if it's not cashed within five months.

If you choose to produce any announcements or articles in recognition of this grant, we ask that you identify us as "Target". Resources to help you promote your partnership with Target are available at <<http://www.target.com/marketingresources>>.

As always, Target grants are one-time gifts. By making annual commitments, we ensure we can remain flexible and respond to changing community and business needs.

Since 1946, Target has given 5% of our income - more than \$3 million every week - to the communities where we do business. Through this commitment, the Public Safety Grant Program (PSGP) provides funding to law enforcement and emergency management organizations to support their efforts to build strong, healthy and safe communities. We are proud to partner with organizations like yours to meet the needs of our communities.

You will receive a second email directing you to your account and requesting you to fill out and submit a "Charitable Contribution Receipt" as required by Internal Revenue Services guidelines. After you receive your grant check, please follow the directions from that email, and submit your "Charitable Contribution Receipt" electronically. If you have any questions, please email Community.Relations@Target.com.
Sincerely,

Target Assets Protection

The Mailbox which generated this email does not receive messages. It is a box for grant notifications only.

Target's extensive public safety partnerships strengthen neighborhoods across the country. As part of this driving principle, we have developed innovative programs to help support the safety and preparedness of the communities where our guests and team members live and work.

For nearly two decades, Target has supported local law enforcement agencies across the country by sharing ideas and resources through Target & BLUE™, which is part of Target's commitment to innovative philanthropy and is rooted in our philosophy that public/private partnerships create safer communities.

Target also supports disaster preparedness, relief and recovery efforts through partnerships with national emergency management organizations, city and state emergency managers and relief organizations.

To reflect our dedication to these critical partnerships that support public safety and encourage business and community resiliency during crises, Target has established the Public Safety Grant Program – a natural evolution of our previous Law Enforcement Grant Program – to provide funding to law enforcement agencies and emergency management organizations across the country. Specifically, the Public Safety Grant Program is designed to support:

Crime Prevention

Target & BLUE supports law enforcement efforts to combat crime and keep our communities safe and secure through events, programs and **grants**. (For example: National Night Out, Crime Stoppers, Celebrate Safe Communities, child ID programs, auto theft reduction, shoplifting deterrent programs, specialty division programs, **grants** etc.)

Community Preparedness

Target supports efforts that drive awareness and prepare our communities to recover quickly in the event of a disaster. (For example: preparedness curriculum, community preparedness fairs and events, preparedness training, etc.)

Training

Target supports training for law enforcement and emergency management through innovative techniques to help build safer, more prepared communities. These grants emphasize training excellence to help law enforcement prepare to meet the challenges of policing in the 21st century. (For example: training in areas of executive leadership, forensics, investigations, crime prevention, best practices in policing, cutting edge technology, organized crime, terrorism, integrity, ethics, accountability, etc.)

Community Outreach and Youth Mentorship

Target supports programs and organizations working to build stronger, more unified communities by connecting young people with positive adult influences. This includes prevention, diversion, youth leadership programs and youth preparedness curriculum. (For example: Youth Advisory Councils, Police Action or Activities Leagues, Shop with a Cop, Explorers, etc.)
