Narrative Information

Primary Mission and Purpose

The purpose of the Edward Byrne Justice Assistance Formula Grant (JAG) Program is to prevent and control crime and make improvements to the criminal justice system.

Funding Levels

The anticipated funding levels for the JAG program are as follows:

- Minimum Award - \$10,000
- Maximum Award - None

- Match Required - None

For more information regarding grantee match, please click on the **Budget** tab, and then click on the **Source of Match** tab in eGrants.

***Note:** If you voluntarily include matching funds that exceed the minimum match requirement, you will be held to that amount throughout the grant period.*

Program Requirements

** The requirements for this fund source are subject to change pursuant to actions of the U.S. Congress and federal guidance.*

Preferences

Preference will be given to projects that support one or more of the following areas:

1. Enhanced patrols along and near the Texas-Mexico border;
2. Drug and human trafficking;
3. Disruption of adult gangs;
4. Technology that promotes electronic discovery for defense counsel;
5. Regional information sharing systems for law enforcement;
6. Conversion of crime data from the Uniform Crime Report (UCR) format to the National Incident Based Reporting System (NIBRS) format; and
7. Cost effective programs that compliment the criminal justice system.

Purpose Areas

Applicant assures that its proposed project meets at least one of the following Purpose Areas to be eligible for funding:

Law Enforcement - Supports state and local law enforcement agencies that address violent crime or statistically supported major crime initiatives at the local level.

Prosecution and Court - Programs that improve the prosecution of serious and violent crimes, including those that reduce the time from arrest to disposition.

Technology – Programs that implement or expand a law enforcement agency’s ability to report and analyze crime. Applicant assures that any criminal intelligence databases developed under this program will comply with 28 CFR Part 23.

Corrections and Community Corrections – Programs that reintegrate adults and juveniles into the community.

Drug Treatment – Programs that target substance abuse treatment for juveniles or adults who have been court ordered to participate, including drug courts and projects that serve as alternatives to incarceration.

Program Income

Applicant agrees to comply with all federal and state rules and regulations for program income and agrees to report all program income that is generated as a result of the project's activities. Applicant agrees to report program income to CJD through a formal grant adjustment and to secure CJD approval prior to use of the program income. Applicant agrees to use program income for allowable costs and agrees to expend program income immediately after CJD's approval of a grant adjustment and prior to requesting reimbursement of CJD funds.

Deduction Method - Program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless CJD authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the CJD award and grantee match rather than to increase the funds committed to the project.

Asset Seizures and Forfeitures - Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (e.g., law enforcement entity).

Uniform Crime Reporting

Applicant assures that if it operates a law enforcement agency, the agency is current and has been current in reporting required Part I violent crime data for the three previous years to the Texas Department of Public Safety, and will continue timely reporting of required crime data throughout the grant period.

Criminal History Reporting

Entities receiving funds from CJD must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 60*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Constitutional Compliance

Applicant assures that it will not engage in any activity that violates Constitutional law including profiling based upon race.

Information Systems

Applicant assures that any new criminal justice information systems will comply with data sharing standards for the Global Justice XML Data Model and the National Information

Exchange Model.

Bulletproof Vests

Applicant assures that if it plans to purchase body armor with grant funds, that it has adopted a mandatory wear policy.

Federal Justice Assistance Grant (JAG) Eligibility

Applicant assures that if its agency was eligible to apply, it did apply for a 2012 direct award from the Bureau of Justice Assistance for JAG funds under the Edward Byrne Memorial Justice Assistance Formula Grant Program: Local Solicitation.

Certification

Each applicant agency will certify to the specific criteria detailed above under **Program Requirements** to be eligible for funding under the Justice Assistance Grant (JAG) Program Solicitation.

☒ I certify to all of the above eligibility requirements.

Problem Statement:

Please provide a detailed account in the Problem Statement section of the existing issues your project will target.

Enter your problem statement:

The district attorney's office is lacking in the latest equipment and training available to capture and process video that is submitted as evidence for trial. The videos received are from patrol cars, businesses, jails, crime scenes and interviews. The district attorney's office also assists all law enforcement agencies and arson units within the county. The district attorney's office has also been asked to assist agencies outside the county because they did not have the equipment to process the video as needed.

Supporting Data:

Provide as much supporting data, to include baseline statistics and the sources of your data, which are pertinent to where the grant project is located and/or targeted. Do not use statewide data for a local problem or national data for a statewide problem.

Enter your supporting data:

Based on investigative request submitted to the office in 2012, 2,678 videos were processed by the investigations division. Out of this number, 204 videos were redacted for trial. This does not include the other counties and police agencies that received assistance from our agency utilizing the computers.

Community Plan:

For projects that have a local or regional impact target area, provide information regarding the community plan need(s) that your project will address.

Enter your community planning needs:

HGAC Regional Plan, Law Enforcement, page 33, Problem #2-Lack of equipment and updated equipment and technology in the areas of investigative, patrol, tactical, communication, radios, surveillance, identification, and evidence gathering.

Goal Statement:

Provide a brief description of the overall goals and objectives for this project.

Enter a description for the overall goals and objectives:

To provide technology that promotes electronic discovery for the defense counsel and to provide regional support for agencies requiring assistance with any form of video. This would be a very cost effective system that complements the criminal justice system by a single agency providing a needed asset to many local agencies.

Cooperative Working Agreement (CWA):

When a grantee intends to carry out a grant project through cooperating or participating with one or more outside organizations, the grantee must obtain authorized approval signatures on the cooperative working agreement (CWA) from each participating organization. Grantees must maintain on file a signed copy of all cooperative working agreements, and they must submit to CJD a list of each participating organization and a description of the purpose of each CWA.

Cooperative working agreements do not involve an exchange of funds.

For this project, provide the name of the participating organization(s) and a brief description of the purpose(s) for the **CWA(s)**. You should only provide information here that this project's successful operation is contingent on for the named service or participation from the outside organization.

Note: A **Sample CWA** is available [here](#) for your convenience.
Enter your cooperating working agreement(s):

Continuation Projects:

For continuation projects only, if your current or previous year's project is NOT on schedule in accomplishing the stated objectives, briefly describe the major obstacles preventing your organization from successfully reaching the project objectives as stated within your previous grant application. (Data may be calculated on a pro-rated basis depending on how long the current or previous year's project has been operating.)

Enter your current grant's progress:

Project Summary:

Briefly summarize the entire application, including the project's problem statement, supporting data, goal, target group, activities, and objectives. Be sure that the summary is easy to understand by a person not familiar with your project and that you are confident and comfortable with the information if it were to be released under a public information request.

Enter your summary statement for this project:

The district attorney's office receives numerous videos throughout the year. If the case goes to trial, the video is reviewed and redacted as needed for the defense counsel and prosecuting attorney's. If the video is not redacted, the evidence cannot be used during trial. The district attorney's office wants to redact videos so they will be fair and impartial during presentation at trial. Presentation of video evidence is very compelling and will corroborate witness's testimony.
