

## Fort Bend County Addressing Committee Road Name and/or Address Range Suggested Change/Correction Form

It has been brought to the attention of the Fort Bend County GIS Division that there is a need for a road name or address range change/correction. To our knowledge, there is no conflict with our records regarding:

- A) The name change/correction from Foster School Road to Foerster School Road located from Vincik Ehlert Road to SH 36 on Key Map page 642, 643, 683, 684 within the 77417, 77471, 77461 zip code.
- B) The address range (no change) from the 1600 block to the 7200 block of the Same Road on Key Map page Same within the Same zip code.
- C) Input of new road name of \_\_\_\_\_ and new suggested address range of \_\_\_\_\_ on Key Map page \_\_\_\_\_.

The purpose for the name change/correction or address range change/correction:  
The County Name of the road has been Foster School since the 1940 Road Log. Mrs. Selma Kubena Bednarek, a student at Foerster School in 1931, provided information showing that the school was Foerster School named after one of the first Needville Settlers, Fritz Foerster.

Please review your road or centerline data regarding this issue and reply back to Mr. Ralph Granados (Ralph.Granados@co.fort-bend.tx.us) as soon as possible. Simply fill out this form, save the file (for your records), then email it back to Mr. Granados, or you can mail (US Postal Service) to: Ralph Granados, GIS Coordinator
