

2013 National Conference

National Association of Government Web Professionals (NAGW)

September 24 – 27, 2013: Louisville, KY

At **NAGW**'s National Conference, set at the **Seelbach Hilton** in **Louisville, KY**, you'll learn from experts and your colleagues.

New this year: Friday Focus, a full day of highly-focused training on a single topic, emergency online communications.

We're also dedicating a general session to **SPARK**. Ten people. Five minutes each. Sparks of inspiration for bigger ideas.

NAGW's National Conference is the best education for the least cost: **three full days** plus **pre-conference training workshops**, including most meals, for a **low-cost rate**.
