DANNENBAUM ENGINEERING CORPORATION

ENGINEERING EXCELLENCE SINCE 1945

3100 WEST ALABAMA HOUSTON, TEXAS 77098 P.O. BOX 22292 HOUSTON, TEXAS 77227 (713) 520-9570

Richard Stolleis, P.E. Fort Bend County P.O. Box 1449 Rosenberg, Texas 77471

P-0-85425

Invoice Date:

April 15, 2013 Invoice Period: 03/01/13 Through 03/31/13

Invoice Number:

459301/17/11

For Professional Services:

In connection with improvements to FM 1093 from State Highway 99 to west of FM 359 in Fort Bend County Work Authorization No. 1, including Amendment No. 1

P.O. Number 85425

Mobility Bond Project #748

Progress Report No. 17 From March 01, 2013 to March 31, 2013 Report Date: April 10, 2013

Mobility Bond Project #748, Precinct 3

Description: FM 1093 Westpark Tollroad Extension Phase I

SH 99 to FM 359

Fort Bend County Engineer: Richard Stolleis, P.E.

Project Director: David Milner, P.E.

Dannenbaum Engineering Corporation (DEC) - Houston

Narrative:

Our efforts in March were focused on advancement of PS&E design and the Draft Environmental Assessment. The revised Draft EA is currently under review at FHWA. TxDOT Austin ENV approved the Draft EA for further processing and submitted it to FHWA on January 10. We anticipate comments from FHWA by April. The Hydraulic Impact Report was approved by TxDOT in February and will be forwarded to Fort Bend County Drainage District for concurrence. A more detailed list of March activities is shown below.

Activities This Month:

Environmental Process

Draft EA currently under review at FHWA.

Survey

- Additional survey request at Storage Building Ponds.
- Creating property acquisition mapping of Grover Tract west of Katy-Gaston following coordination with Isani.

Geotechnical

Responding to comments from TxDOT.

Schematic

None.

Hydraulic Impact Report

 Approved by TxDOT in February. Copies of Hydraulic Impact Report with approval letter will be sent to Fort Bend County for concurrence.

Utilities

- Continued utility research based on an initial utility inventory.
- Continued coordination with private utility companies.
- Held Utility Coordination meeting at TxDOT on February 28.
- Creating cross section of proposed utility relocations for coordination with utility companies.

Progress Report No. 17 From March 01, 2013 to March 31, 2013 Report Date: April 10, 2013

Segment Design (PS&E)

- Continued preparation of PS&E documents, advancing design toward 60% PS&E submittal to TxDOT.
- Attended Traffic Control Workshop at TxDOT on March 8.

Approvals and Deliverables this Month:

Submitted 60% Segment B3-C Plans to TxDOT on March 22.

Activities Next Month:

Environmental Process

Address comments from FHWA.

Survey

Address issues or comments from designers.

Geotechnical

Address review comments from TxDOT.

Hydraulic Impact Report

Coordinate with segment designers as needed.

Utilities

- Continue review of surveyed utility information.
- Update Utility Conflict List.
- Coordinate with Utility Companies to create typical section with proposed utility relocations.

Segment Design (PS&E)

- Address 60% PS&E comments from TxDOT.
- Advance design toward 90% PS&E.

Approvals and Deliverables next Month:

Submit 60% Segment D PS&E plans to TxDOT.

Schedule:

Program Schedule is monitoring environmental assessment, hydraulic impact analysis and final design PS&E activities. These efforts are on-schedule when compared against the baseline timetables, previously discussed with the County.

Progress Report No. 17 From March 01, 2013 to March 31, 2013 Report Date: April 10, 2013

Projection Report:

Work will continue on Segment Design in April with extensive coordination between segment designers and TxDOT. Activities are moving forward with design and expect to have a 90% package complete and submitted to TxDOT in May.

Issues and Concerns:

- Coordination with METRO to acquire property in a timely manner.
- Finalizing Toll Collection points and Ramp locations with FBCTRA.
- Development of the Program cost-sharing plan between FBC and FBCTRA.
- Coordination with TxDOT to receive and address review comments.

Assessment:

Our efforts are focused on continuing to obtain environmental clearance and continuing design of the project.

David R. Milner, P.E.

Progress Report No. 12 From March 01, 2013 to March 31, 2013 Report Date: April 10, 2013

Mobility Bond Project #748, Precinct 3

Description: FM 1093 Westpark Tollroad Extension Phase II

FM 359/FM 1463 to James Lane in Fulshear

Fort Bend County Engineer: Richard Stolleis, P.E.

Project Director: David Milner, P.E.

Dannenbaum Engineering Corporation (DEC) - Houston

Narrative:

Our efforts in March were focused on schematic design, hydraulic analysis, and environmental assessment development. Meetings were held throughout March with Fort Bend County, TxDOT, the City of Fulshear, and Private developers to discuss alternative alignments. A more detailed list of March activities is shown below.

Activities This Month:

Environmental Process

 Completed development of Draft Environmental Assessment (EA) in December 2012 based on locally preferred alternative as identified by the City of Fulshear in November 2011.

Survey

None.

Geotechnical

Continued lab tests and report development.

Schematic

- Completed Schematic for submittal to TxDOT in December 2012 based on locally preferred alternative as identified by the City of Fulshear in November 2011.
- Created exhibits with multiple options for coordination with the City of Fulshear and private developers.

Hydraulic Impact Report

- Completed Hydraulic Impact Report for submittal to TxDOT in December 2012 based on locally preferred alternative as identified by the City of Fulshear in November 2011.
- Reviewed locations of detention ponds. Continued investigation into concept of 'regional' detention pond to replace multiple ponds along FM 1093. Discussed drainage approach with Fort Bend County Drainage District.

Progress Report No. 12 From March 01, 2013 to March 31, 2013 Report Date: April 10, 2013

Utilities

- Continued utility research based on an initial utility inventory.
- Continued coordination with private utility companies.

Approvals and Deliverables this Month:

None.

Activities Next Month:

Environmental Process

None pending further direction.

Survey

None.

Geotechnical

Continue Geotechnical Report.

Schematic

None pending further direction.

Hydraulic Impact Report

None pending further direction.

Utilities

- Continue review of surveyed utility information.
- Update Utility Conflict List.

Approvals and Deliverables next Month:

None pending further direction.

Schedule:

Program Schedule is monitoring right of way survey, environmental assessment, schematic design, and hydraulic report design activities. These efforts have been delayed when compared against the baseline timetables, previously discussed with the County.

Projection Report:

Efforts related to survey, schematic design, hydraulic impact report, and the environmental process are on hold pending further direction from the County.

Progress Report No. 12 From March 01, 2013 to March 31, 2013 Report Date: April 10, 2013

Issues and Concerns:

- Coordination with METRO to acquire property in a timely manner.
- Further direction from County, related to addressing alternative highway alignments west of Cross Creek Ranch, including FM 1093/FM 359 Intersection where proposed boulevard sections may cross METRO property.

Assessment:

At this time we need direction from the County before advancing the environmental process, schematic, and hydraulic impact report. These documents are ready for submittal to TxDOT but cannot proceed without approval from the County. We anticipate resolution of the alignment in April, at which time we can move forward with preliminary design.

David R. Milner, P.E.
