NCDA is a national organization comprised of more than 550 local governments across the country that administer federally-supported community and economic development, housing and human service programs, including programs of the U.S. Department of Housing and Urban Development (HUD), Community Development Block Grant (CDBG), and the HOME Investment Partnerships (HOME) programs. Since 1968, NCDA has been an association of people committed to assisting local governments to achieve high quality, locally-responsive programs for making communities better places in which to live, particularly for low- and moderate-income people.

Comprised of members from Arkansas, Louisiana, New Mexico, Oklahoma and Texas, Region VI is so excited to finally experience all Tulsa has to offer that we have extended an invitation to all NCDA members and entitlement communities in the surrounding area. The Midwest is known for having a flair all its own, but the unique marriage of Tulsa's historic Native American roots and oil boom heritage create a city rich in arts, culture and entertainment.

This year's Conference will be one you don't want to miss! A unique IDIS Training providing information on recent updates will be offered prior to the actual Conference kickoff. HUD Representatives are also scheduled to provide insight into the New HOME Final Rule and updates on what's going in Washington, D.C. Check out the full agenda for more information on Conference events and to plan your time in Tulsa.

The City of Tulsa has planned an exciting week of training and networking opportunities just for you. We look forward to seeing you in October!
