WE HAVE ACTED AS BOND COUNSEL for Fort Bend County, Texas (the "County"), which we also represent on other matters, in connection with an issue of bonds (the "Bonds") described as follows:

FORT BEND COUNTY, TEXAS UNLIMITED TAX ROAD REFUNDING BONDS, SERIES 2014, dated April 1, 2014, in initial denominations equal to the entire principal amount of each scheduled maturity of the Bonds, aggregating \$18,900,000.

The Bonds mature, bear interest and may be transferred and exchanged as set out in the Bonds and in the Order adopted by the Commissioners Court of the County authorizing their issuance (the "Order").

WE HAVE ACTED AS BOND COUNSEL for the sole purpose of rendering an opinion with respect to the legality and validity of the Bonds under the Constitution and laws of the State of Texas and with respect to the exclusion of interest on the Bonds from gross income for federal income tax purposes. We have not investigated or verified original proceedings, records, data or other material, but have relied upon certificates executed by officers, agents and representatives of the County. We have assumed no responsibility with respect to the financial condition of the County or the reporting or disclosure thereof in connection with the sale of the Bonds. Our role in connection with the County's Official Statement prepared for use in connection with the sale of the Bonds (the "Official Statement") has been limited as described therein.

IN OUR CAPACITY AS BOND COUNSEL, we have participated in the preparation of and have examined a transcript of certified materials pertaining to the Bonds and the bonds being refunded, on which we have relied in giving our opinion. The transcript contains certified copies of certain proceedings of the County and of Wells Fargo Bank, N.A., a national banking association (the "Escrow Agent"); the report of Grant Thornton L.L.P., certified public accountants (the "Report"), verifying the sufficiency of the deposits made with the Escrow Agent for defeasance of the bonds being refunded and the mathematical accuracy of certain computations of the yield on the Bonds and obligations acquired with the proceeds of the Bonds; customary certificates of officers, agents, and representatives of the Escrow Agent, the County, and

other public officials; and other certified showings relating to the authorization and issuance of the Bonds and the firm banking and financial arrangements for the discharge and final payment of the bonds being refunded. We also have examined executed Bond No. IB-1 of this issue.

BASED ON SAID EXAMINATION, IT IS OUR OPINION that:

- (1) The transcript of certified proceedings evidences complete legal authority for the issuance of the Bonds in full compliance with the Constitution and laws of the State of Texas presently effective and that therefore the Bonds are valid and legally binding obligations of the County, and taxable property in the County is subject to the levy of ad valorem taxes to pay the same, without legal limitation as to rate or amount.
- (2) The transcript of certified proceedings evidences that firm banking and financial arrangements have been made for the discharge and final payment of the bonds being refunded pursuant to an escrow agreement entered into between the County and the Escrow Agent on or effective as of the date of delivery of the Bonds, and that therefore such bonds are deemed to be fully paid and no longer outstanding except for the purpose of being paid from the funds provided therefor in such escrow agreement.

The rights of the owners of the Bonds are subject to the applicable provisions of the federal bankruptcy laws and any other similar laws affecting the rights of creditors of political subdivisions generally, and may be limited by general principles of equity which permit the exercise of judicial discretion.

IT IS OUR FURTHER OPINION that:

- (1) Interest on the Bonds is excludable from gross income for federal income tax purposes under existing law.
- (2) Interest on the Bonds is not subject to the alternative minimum tax on individuals and corporations, except that interest on the Bonds will be included in the "adjusted current earnings" of a corporation (other than any S corporation, regulated investment company, REIT, REMIC or FASIT) for purposes of computing its alternative minimum tax liability.

In providing such opinions, we have relied on representations of the County, the County's Financial Advisor and the Underwriter (as defined in the Order) with respect to matters solely within the knowledge of the County, the County's Financial Advisor and the Underwriter, respectively, which we have not independently verified, and have assumed continuing compliance with the covenants in the Order pertaining to those

sections of the Code which affect the exclusion from gross income of interest on the Bonds for federal income tax purposes. If such representations are determined to be inaccurate or incomplete or the County fails to comply with the foregoing covenants of the Order, interest on the Bonds could become includable in gross income from the date of their original delivery, regardless of the date on which the event causing such inclusion occurs.

Except as stated above, we express no opinion as to any federal, state or local tax consequences resulting from the receipt or accrual of interest on, or acquisition, ownership or disposition of, the Bonds.

Owners of the Bonds should be aware that the ownership of tax-exempt obligations may result in collateral federal income tax consequences to financial institutions, life insurance and property and casualty insurance companies, certain S corporations with Subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, taxpayers owning an interest in a FASIT that holds tax-exempt obligations, and individuals otherwise qualifying for the earned income credit. In addition, certain foreign corporations doing business in the United States may be subject to the "branch profits tax" on their effectively-connected earnings and profits (including tax-exempt interest such as interest on the Bonds).

Our opinions are based on existing law, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may thereafter come to our attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Internal Revenue Service (the "Service"); rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representations and covenants referenced above that we deem relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given whether or not the Service will commence an audit of the Bonds. If an audit is commenced, in accordance with its current published procedures the Service is likely to treat the County as the taxpayer. We observe that the County has covenanted in the Order not to take any action, or omit to take any action within its control, that if taken or omitted, respectively, may result in the treatment of interest on the Bonds as includable in gross income for federal income tax purposes.
