Subject: Florida ICAC Conference - Available Post-Conference Training

To: "O'Brien, Vicki J" <[obrien@fvtc.edu](mailto:obrien@fvtc.edu)>

Good afternoon,

You are receiving this email because you are registered to attend the Florida ICAC Conference in Orlando, Florida December 15-17, 2014. In addition to the modular training sessions provided during the conference there will also be seven additional concurrent training courses running just after the conference, on Thursday and Friday, December 18 and 19, 2014. If you are planning on staying for the two days following the conference and have not registered for one of the seven training courses, please use the below links (or linked email) to register now. If you have been placed on a waitlist, please go ahead and register for another course where you are not waitlisted.

**Course:** Victim Identification

**Dates:** December 18-19, 2014

**Times:** 8:30 a.m. to 4:30 p.m.

**Description:** This two day practical lab will provide instruction and hands on experience in the art and science of victim identification. Starting with an overview of the "Vicky" series as a case study the course will teach students how to analyze child exploitation image and videos with the goal of identifying and rescuing the child(ren), identifying and apprehending the offender(s) and identifying and locating the crime scene(s). The course will instruct students how to use Adobe Photoshop to enhance and manipulate material and maintain the evidentiary integrity of the material. Students will come away with an understanding of the Victim Identification Process, Photoshop for Victim ID, how Exif data can be leveraged, what is and what is not possible regarding material enhancements, the global victim identification effort and available resources to assist with Victim ID cases.

**Course:** Human Trafficking

**Dates:** December 18-19, 2014

**Times:** 8:30 a.m. to 4:30 p.m.

**Description:** This 2 day training will be taught by the Amber Alert program, and focuses on the local law enforcement response to human trafficking. Special focus will be given to methods of identification, response, and follow up.

**Registration Link** – email Sherry Aldinger at [sherryaldinger@fdle.state.fl.us](mailto:sherryaldinger@fdle.state.fl.us) and request to be added to this course

**Course:** BlueBear LACE

**Dates:** December 18-19, 2014

**Times:** 8:30 a.m. to 4:30 p.m.

**Description:** This 2 day course introduces students to LACE software suite, enabling investigators to efficiently categorize vast amounts of images & videos data from confiscated computers, dramatically reducing (85-95%) the time and resources required to bring a case to court.

**Registration Link** – email Sherry Aldinger at [sherryaldinger@fdle.state.fl.us](mailto:sherryaldinger@fdle.state.fl.us) and request to be added to this course

**Course:** ICAC Ares Investigations

**Dates:** December 18-19, 2014

**Times:** Thursday - 8:00 a.m. to 5:00 p.m., Friday – 8:00 a.m. to 4:00 p.m.

**Description:** This 2 day training program introduces experienced investigators to the RoundUp Ares file sharing network.

**Course:** ICAC BitTorrent Investigations

**Dates:** December 18-19, 2014

**Times:** Thursday - 8:00 a.m. to 5:00 p.m., Friday – 8:00 a.m. to 4:00 p.m.

**Description:** This 2 day training program introduces experienced investigators to the RoundUp BitTorrent file sharing network.

**Registration Link** – <https://www.icacregistration.org/public/home.aspx?1=25918>; please note that this class is currently full and running a waitlist

**Course:** NetClean - Analyze DI (Project Vic)

**Dates:** December 18-19, 2014

**Times:** Thursday - 8:00 a.m. to 5:00 p.m., Friday – 8:00 a.m. to 4:00 p.m.

**Description:** The NetClean Analyze technology is developed in collaboration with law enforcement and research institutes to fulfill the current and future needs within digital media investigations. Together, the two solutions, DI and CS, make a powerful platform to manage digital media investigations on different levels. Investigations that previously took up to one month can now be completed in hours or days.
