Environmental
Analysis
and Permitting

Dear Mr. Slawinski,

Geology/
Hydrogeology
and Remediation

Enclosed is BIO-WEST's invoice for services provided from 2/01/15 to 2/28/15 for Professional Environmental Services.

This memorandum is to summarize activities conducted on the Fort Bend County (client) Mobility Projects during the month of February 2015. Below are tasks with short descriptions in which employees provided support.

Fisheries and Aquatic
Ecology

- Williams Way Environmental – Staff ecologists coordinated with the project team to address environmental concerns. These efforts included a site visit to verify a grave site a headstone and attend a meeting to discuss cultural resources within Fort Bend County. Discussions were also initiated with the engineering team to investigate alternatives to avoid the existing grave site and any other environmental concerns.
- Administration – Provided support to project manager including contractual support, billing oversight and meeting coordination.

GIS Analysis
and Planning

The total for these environmental services is \$1,987.81. If you have any questions or require any additional information, please feel free to contact me at (832) 595-9064. On behalf of BIO-WEST, I personally thank you for the opportunity to provide our services.
