

## 2015 TRAINING CONFERENCE NEW ORLEANS, LA JUNE 4-7, 2015

Train with Leading Professionals in Law Enforcement!

With a focus on hands-on and lecture-based instructor training, the Safariland™ Training Group offers a full spectrum of law enforcement training classes to fit the needs of any law enforcement agency. What sets our training group apart is our team of highly experienced instructors, most of which are current or former law enforcement, who bring real-world experience and expertise. Thousands of officers, military and security personnel have been trained in courses ranging from less lethal and baton training to patrol and tactical training. In addition, conference attendees will receive the necessary information to help protect them against liability issues.

The Safariland Training Group specializes in a hands-on approach to each class and the level of customized support which allows for best practices to be shared with departments. A better trained department equals a safer community! With two of the finest curriculums in the world: The Monadnock® International Instructor Seminar and the Defense Technology® Less Lethal Instructor Program, we've made the Safariland Training Group's annual conference the place to be.

To register, simply click on the class(es) you wish to take listed in the Conference Schedule. It will take you to the class page; go to the drop-down menu and select \*Conference. Questions? Call Customer Care at 1.800.347.1200.

**\*The ICP classes are listed individually as one day courses with individual pricing, however, if you attend all four modules you will receive a discounted tuition of \$795.**

This course is dedicated to the Corrections field and specifically addresses problems found in a correctional environment. With classroom and practical application, this 3-day course covers all aspects of dealing with situations inherent to the correctional officer. Students will participate in classroom, hands-on and scenario-based training activities. Students will operate alone and in a team. The course was designed and is taught by corrections experts with real-world experience. Each instructor has worked in a correctional facility with practical applications based on the instructor's actual experiences. All aspects of force are included such as shields, impact munitions, chemical agents, batons and shock devices.

The course covers the following topics:

- Cell extractions
  - Small-room clearing
  - Large-area clearing
  - Less-lethal munitions
  - Chemical agents
- 
- Riot Gear to include: Helmet & Torso Protector
  - Eye Protection
  - Ear Protection
  - Baton
  - Protective mask with carrier
  - Duty Belt
  - BDUs/Boots
  - Body armor
  - Flame Resistant Gloves
  - Agency 37mm/40mm Launcher
  - 12 Gauge Dedicated LLIM launcher
  - Hydration System (optional)
  - Change of Clothing (optional)
  - Inclement-weather Gear (optional)
  - Mouthpiece(optional)

Good Afternoon Lt. Quam,

After reading the conference description I believe that this could be an acceptable expense for the Commissary account in accordance with the following LGC Sec. 351.0415 (c)

(5) fund physical plant improvements, technology, equipment, programs, services, and activities that provide for the well-being, health, safety, and security of the inmates and the facility.

Please let me know if you have any questions.

Thanks,  
Melissa

Melissa,

The Sheriff's Office would like to send a few of our supervisors to the attached course. The purpose of sending our supervisors, is to allow them to come back and train our other personnel on proper emergency response procedures. We believe this training will enhance the security of the facility and the safety of inmates by having properly trained personnel handling an emergency. We are requesting the auditor's evaluation if commissary funds would be an acceptable revenue source to pay for this training. Your review and response is greatly

appreciated.

If you have any questions, please contact me.

Regards,

Lt. D. Quam  
281-341-4669
