PROPERTY SCHEDULE

As of October 1, 2014, TML IRP implemented a trend factor to apply to building values on the Real & Personal Property schedule. The building values shown on the property schedule, reflect a 1.25% increase over the values reported for the 2014/15 policy period. This trend factor was calculated using building cost data software and a five year analysis of building value changes. The factor will be updated and reviewed annually. Contents and mobile equipment values are not affected by this new process.

WORKERS' COMPENSATION

The Texas Municipal League Intergovernmental Risk Pool (the Pool) offers the option to extend workers' compensation coverage to individuals who serve the entity but who are not on a payroll and so do not meet the legal definition of "employee". **Included in this category are ELECTED AND APPOINTED OFFICIALS.**

The Authority may choose to extend Workers' Comp coverage to their volunteers in order to avoid a potentially significant liability exposure. If an individual volunteering for the Authority is injured and unable to work for some time and is not covered by Workers' Comp, he may sue the Authority in an attempt to recover the financial costs associated with his injury and loss of income.

EXAMPLES

Workers' Comp provides coverage for the Authority's Board of Directors when they are doing business, at any time, on behalf of the Authority....for example:

To/From/At meetings

To/From/During property inspections

To/From/At conferences/conventions, etc.

Worker's Compensation has advantages that personal healthcare may not provide, such as:

Full medical coverage with no out-of-pocket co-payment

No Coinsurance provisions

No imposed limits of liability

INSURER: TML IRP - "A" rated by Standard & Poors

COVERAGE: Coverage For Elected / Appointed Officials / Volunteers
