- 1.07** “Systems Code Identification Number” – An identification number that allows Radio Units to gain access to the Radio System thereby enabling the Radio Units to communicate among themselves at certain air wave frequencies.

SECTION TWO **OBLIGATIONS OF COUNTY**

- 2.01** The County agrees that during the term of this Agreement it shall:
- A. Allow the User to have access to its Radio System to engage in radio communications among its Radio Units as a Primary Dispatch System and provide User with the same level of Priority Access afforded to County.
 - B. Provide to the User a Systems Code Identification Number that will allow access to the County’s Radio System, thereby providing a Primary Dispatch System for the User’s Radio Units.
 - C. Observe and abide by all applicable statutes, laws, rules, and regulations, including but not limited to those of the FCC.
 - D. In the event the User notifies the County that any one or more of its Radio Units are lost or stolen, the County will take any reasonable steps necessary to prevent such lost or stolen Radio Units from gaining access to the Radio System and will attempt to disable the lost or stolen unit.
- 2.02** County authorizes the Fort Bend County Sheriff’s Office to supervise and manage the P25 Public Radio System on behalf of County, which shall include the authority to increase or decrease the number of radios permitted on the Radio System in order to maximize operational efficiency, and agrees to provide written notice to the User of any increase or decrease in the number of radios permitted on the County Radio System.

SECTION THREE **OBLIGATIONS OF USER**

- 3.01** The User agrees that during the term of this Agreement it shall:

During the term of this Agreement, the TDMA and Radio Authentication approved equipment is that equipment that complies with Project 25 Compliance Assessment Program. The County reserves the right to determine and approve equipment to be used on the Radio System and will provide written notice of changes in approved equipment to the User.
 - C. Notify County within twenty-four hours if User knows or has reason to know that any Radio Unit or Units being used on the dispatch system have been lost or stolen.
 - D. Use the System Code Identification Number described herein to access the County’s Radio System as a Primary Dispatch System so as not to degrade or negatively impact the radio operations of the Radio System, for any other participating agency, or any other authorized User of the Radio System.
 - E. Observe and abide by all applicable statutes, laws, rules and regulations, including but not limited to those of the FCC.

- F. Recognize that applicable FCC and other statutes, laws, rules and regulations may change from time to time and that accordingly the County, in its sole discretion, has the right without liability to modify this Agreement to comply with any such changes subject to the other terms of this Agreement.
- G. Provide accurate inventory of all Radio Units no later than each March 1 and upon request by County.
- H. Request advanced written approval from County to increase the number of Radio Units accessing the County's Radio System.

2. Radio Units added during the 1st through the 15th day of a given month will be charged a Monthly Use Fee for the entirety of that month. Radios added after the 15th day of a given month will not be charged a Monthly Use Fee for that month and air time will be charged beginning with the following month.
3. In the event the User increases the total number of Radio Units assigned, the County shall increase the User's monthly payment to reflect such increase. Any decrease in the number of units shall be reflected in the User's payments in the same manner as described above for increases in the number of units.

B. Shared Use:

Where individual Radio Units are shared by the User and other entities who have entered into similar agreements with the County for use of the P25 Public Radio System and whose shared use has been approved in advance by County:

1. The User must first notify the Sheriff and receive advance approval from the Sheriff to share an individual Radio Unit.

2. A single payment may be tendered for a radio shared by User and other approved entities; however it is the responsibility of User to note the other entities with a payment memo to avoid duplicate charges for the same Radio Unit.

- 5.05** The County may change the amount of the Monthly Use Fee by giving the User written notice of the increase at least ninety (90) days in advance of the date on which the increased fees are to become effective. Written documentation will be provided upon request to the User explaining the increase.
- 5.06** The User shall make any payments due and payable to the County under this Agreement out of its current revenues.

- 11.03** The User shall provide the County's Risk Management Department with a copy of the proposed insurance within ten (10) days of the effective date hereof. Acceptance of an original certificate of insurance acceptable to the County shall be a condition precedent to the User's access to the Radio System.
