

DRAINAGE EASEMENT

THE STATE OF TEXAS           §  
  §       KNOW ALL BY THESE PRESENTS:  
COUNTY OF FORT BEND       §

That **DRY CREEK (HOUSTON) ASLI VII, LLC**, a Delaware limited liability company (collectively, the "Grantor"), for and in consideration of the sum of TEN AND NO/100 DOLLARS (\$10.00) cash to Grantor in hand paid by **FORT BEND COUNTY DRAINAGE DISTRICT**, a conservation and reclamation district and a body politic and corporate and governmental agency of the State of Texas ("Grantee"), and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, has **GRANTED, BARGAINED, SOLD, AND CONVEYED** and by these presents hereby **GRANTS, BARGAINS, SELLS, AND CONVEYS** unto said Grantee, its successors and assigns, a permanent and perpetual non-exclusive easement and right-of-way (the "Easement") for the purpose of constructing, installing, maintaining, operating, and repairing a drainage channel, including drains, ditches and laterals (collectively, the "Channel") upon, over, through and across that certain 53.7 acre tract of land described on Exhibit "A" attached hereto (the "Easement Property"). Grantor is also conveying a permanent and perpetual non-exclusive easement to Fort Bend County Municipal Utility District No. 184 ("No. 184") for certain specific purposes described herein.

Subject to the terms hereof, Grantee may construct, install, maintain, operate, and repair the Channel within the Easement Property and shall have access upon, over, through and across the Easement Property to engage in all activities as may be necessary, requisite, convenient, or appropriate in connection therewith. Grantor, its successors and assigns (including No. 184), expressly reserves the right to the use and enjoyment of the Easement Property for any and all purposes (including, without limitation, for the purposes of construction, installation, maintenance, repair, replacement and operation of: road crossings, trails, sidewalks, road and pedestrian bridges, lighting facilities, irrigation facilities, benches, utility lines, drainage or detention lines or facilities, fitness equipment, trees, greenbelts, and landscaping); provided that such use will not prevent or unreasonably interfere with Grantee's ability to construct, install, maintain, operate, or repair the Channel therein or ability to access or travel through the Maintenance Berm, defined below, with maintenance equipment. Prior to Grantor, or its successors or assigns (including No. 184) hereafter constructing any of same in the Easement Property (except for repair, rehabilitation, or re-installation of previously installed facilities), plans shall be submitted to Grantee for review and approval, which approval shall not be unreasonably withheld or delayed. Grantee shall approve or comment on such plans within 30 days after receipt.

No. 184 shall have the right to utilize the Easement Property for the purposes of construction, installation, maintenance, repair, replacement and operation of road crossings, trails, sidewalks, road and pedestrian bridges, lighting facilities, irrigation facilities, benches, utility lines, drainage or detention lines or facilities, fitness equipment, trees, greenbelts, and landscaping; and Grantor hereby grants a non-exclusive easement to No. 184 for said purposes (any of such lines, facilities, or items installed by No. 184 shall be referred to herein as the "No. 184 Facilities."). Grantee shall not utilize the Easement Property, or any other property or easements owned or operated by Grantee, in a manner that would unreasonably interfere with the No. 184 Facilities that are currently or hereafter installed by No. 184 in the Easement Property or No. 184's use of same.

Notwithstanding any provision hereof, the appropriate governmental entity(ies), but not No. 184 or Grantee, shall be responsible for maintenance, repair, replacement and operation of: (i) roads, (ii) bridges, or (iii) other facilities that are accepted (for maintenance, operation, or otherwise) by, or conveyed to, the appropriate governmental entity(ies).

No. 184 shall, at its sole cost, be responsible to cause the maintenance and operation of the No. 184 Facilities. Grantee understands and agrees that the grasses within the Easement Property that No. 184 will be planting and maintaining vary in height and are not frequently mowed. If Grantee reasonably determines that No. 184 has failed to adequately maintain the No. 184 Facilities such that drainage flow is compromised, Grantee may perform maintenance, repair, modifications, or work in the Easement Property, but Grantee must first: (i) give No. 184 written notice of its intent to perform same and identify the area(s) where No. 184 has failed to adequately maintain, and (ii) give No. 184 an opportunity of at least a 60 days to cure No. 184's lack of adequate maintenance. In the event of an emergency or to protect public health and safety, Grantee is not required to give a 60 day opportunity to cure, but Grantee shall provide No. 184 with as much notice as is reasonably practicable to allow No. 184 an opportunity to cure. Grantee shall invoice No. 184 for the actual and reasonable costs incurred by Grantee for maintenance, repair, modifications, or work performed by Grantee pursuant to this paragraph, which invoice will be due and payable by No. 184 within 35 calendar days of receipt.

Except if necessary for Grantee to perform maintenance, repair, modifications or work allowed pursuant to the preceding paragraph, Grantee's access and travel along and through the Easement Property with maintenance equipment shall be limited to solely along and through an unobstructed maintenance berm at least 30 feet wide located on each side of the Channel (collectively, the "Maintenance Berm").

Prior to constructing, or allowing construction of, facilities or improvements in the Easement Property, Grantee shall give No. 184 at least 90 days written notice. If pursuant to the preceding sentence, Grantee hereafter installs, or allows installation of,

any facilities or improvements within the Easement Property, then Grantee (and not No. 184) shall be responsible for maintenance and repair of such facilities or improvements.

This conveyance is further expressly made SUBJECT TO all restrictions, easements, rights of way and mineral or royalty reservations and interests affecting the Easement Property and appearing of record in the Official Real Property Records of Fort Bend County, Texas, as of the date of this conveyance (the "Permitted Exceptions") to the extent the same are validly existing and enforceable against the Easement Property. Grantor reserves the right to convey to others (including, without limitation, No. 184) the fee title for some or all of the Easement Property and/or any and all of the rights that are reserved to Grantor hereunder.

Grantee currently owns and/or possesses the right to utilize those certain rights of way and easements for drainage canals and other facilities upon, over, through and across those certain tracts of land described in that certain instrument granted by Rubye C. Myers to Grantee, recorded at Volume 319, Page 65, Clerk's File No. 1954032013, of the Official Public Records of Fort Bend County, Texas (the "Original Easement"). Within 30 days after Grantee's execution of this Drainage Easement, Grantee will execute and record a written abandonment of the portion of the Original Easement that is located within the Easement Property.

To have and hold perpetually, subject to the matters set forth herein, the above described Easement for said purposes, together with all the rights and appurtenances thereto in anywise belonging to Grantee, its successors and assigns, forever, upon the condition that Grantee will at all times, after doing any work in connection with the Easement, restore said premises to the previously existing condition as near as possible; and that in the use of said rights and privileges herein granted to Grantee, Grantee will not create an unreasonable nuisance or do any act that will be unreasonably detrimental to said premises. Subject to the matters set forth herein, Grantor does hereby bind itself and its successors and assigns to WARRANT AND FOREVER DEFEND all and singular the easement and rights described herein unto Grantee against every person whomsoever lawfully claiming or to claim the same or any part thereof, by, through, or under Grantor, but not otherwise.

EXECUTED this 13 day of November, 2015.
