Custombation Request
Allow users to enter leave or non-leave paytypes without quarterly-rounded restriction

Task

Add a flag in the application to make this customization for the Fort Bend County only.

Update system calls to separate the customization from the base code.

Add new system calls to get the customization request for the different rounding other than quarterly (which is used for the Default Charge Code celculating in/Out totals.

Add customization code on the employee timeshest to separate user entered pay types from the system entered (by default charge code).

Update the employee timeshest page, so that client should not have to worry about having the customization on each updates (GHG usually release two new releases in a year).

Assumptions
A flag will be setup on the cofiguration page.
Users will be responsible for entering the right figure for the paytypes. Le. leave or non-leave
System will continuously be distributing hours for regular, overtime, etc as it is doing now.
User will not be changing any hours worked derived by the default charge code.
Because of the ave different rounding will be in used, user may see the total elightly off the "rounding", but in DB, the hours worked will be exactly what user or/ system has entered, since we do not save the totals, but only save actual in/out times and hours worked (leave and non-leave).

Special Note

All pay types with the exception of pay types that have been assigned as defaults will have the ability to be entered in

Section C: Electronic Time Sheet Software

This Section defines the set of services that the GHG Corporation (GHG) shall provide to County under this Agreement.

Goals (in order of importance):

- Provide a robust and reliable application (eTSS)
- Dependable and knowledgable support
- · Timely response to problems, new users, and other service requests

2. Support Provider

GHG Corporation's uses a CRM tool to track tickets that document the problem/issue tracking and support cases. The GHG Corporation's Help Desk is the initial point of contact for asking questions and reporting problems.

3. Support Recipients

The target audience for the GHG Corporation's eTSS is the designated point of contact for each customer. Many support reps have extensive experience in customer configuration and eTSS fuctionality. This knowledge base includes all facets of the application including hardware and software supported by the product.

4. Hours of Service

Telephone and on-site support for eTSS vice will be available from 8:00 am to 6:30 pm (CST), Monday thru Friday and 10:00 am to 5:00 pm (CST) on Saturday and Sunday Off-hours problems can be reported via the GHG Corporation Help Desk voice mail (866 380 4146 ext 200) system or email (eems_support@ghg.com).

5. Service Infrastructure (for GHG hosted Customers only)

To ensure continuous IT service to the users of the eTSS software, all eTSS servers are located on the 11th floor of a downtown Houston datacenter where they are in a securely monitored, temperature controlled, and fire and flood preventive environment. eTSS servers will be in service

and monitored 24 hours a day, 7 days a week. Regularly scheduled maintenance will be performed during a regularly scheduled "maintenance window" (1st Sunday of every month). Any planned activities that will result in an extended outage will be announced one week in advance. Emergency maintenance will be performed as needed, always with the attempt to minimize disruption to customers.

All servers are connected to a clean power source, which provides continuous power to the servers to ensure that random power surges or power outages do not occur. In case of a complete power outage to the entire building, the datacenter is attached to a battery back up system that will provide roughly 1-2 days worth of power. In the case that the battery backup runs out of power, attached to the datacenter are two fuel generators that are located on = the roof of the building. The datacenter has a contract with a fuel company to supply constant fuel to the generators if needed. Each eTSS database server has been configured with RAID 5 to maximize full hard drive redundancy. To prevent data loss in the case of complete hard drive failure or file corruption, all eTSS servers are backed up on a daily basis. In the case of the eTSS databases, all databases are backed up daily and copies of the backups are placed in remote storage. This methodology allows GHG to retain 3 months worth of backups.

Support Call/Email Turnaround Times

Expected turnaround times

- Basic Usage Functionality 8 Business Hours
- Importing/Exporting (Problems with interface) 2 hour resolution/does not include spec changes
- Change in Configuration Options 8 Business Hours
- Custom Report Request 5 to 15 Days (time of completion is dependant on the complexity
 of the report)
- Leave Management Issues same business day
- Business Rule Issues- same business day
- System Generated Notifications 1 to 2 business days
- Input Device (Proximity Clock) malfunction- 2 hour call back
- Customization Request 2 day response with estimate

Page 14 of 27

01/16/2015 Page 29 of 46

7. Problem Escalation

Not all problems are emergencies, but some are. And some problems that are not resolved expediently become emergencies (such as an email account that can't be accessed for a second day). After pursuing the standard problem reporting mechanism via our Rep creating a case number through the Help Desk, the submitter will have a support ticket created for each issue that can be used for reference. The user in this manner can progressively escalate emergency problems:

- 1st level all calls handled by support desk (required response time is 1 business day)
- 2nd level account reps will be available to discuss any customizations for each customer as well as any other "outside the scope" requirements.
- 3rd level GHG developers are available to the customer for any critical bug fixes that impact the functionality of the product
- 4th level GHG's lead technical person will facilitate any support need that has not been addressed in the 3 above levels.

GHG is committed to first call resolution. When a customer with a support agreement calls or emails our support desk, we strive to answer the phone or respond to emails as soon as possible, with the next available agent. Regardless, we will respond to all calls or emails within one business day. When help desk technicians are busy with another customer, they will respond to the messages and emails in the order in which they are received. However, occasionally, a customer may have system-critical issue that renders their system unusable. These calls will take priority over simple "how to" questions and other user related questions.

8. Services Covered (Support and Annual Warranty)

Customers may designate up to three customer service points of contact. GHG will accept support requests from these designated individuals. GHG's technical Support services do not include support for the customer's end user community. Support for customers of the GHG eTSS service consists of installing, configuring, and troubleshooting the following software and services:

- eTSS Application support
- Integration with Accounting or Payroll Software
- Email Notifications
- Business Rule Support
- . Report Writing

Page 15 of 27

01/16/2015 Page 30 of 46

- Import/Export processes and procedures
- Leave Management
- Direct Deposit Support
- Training
- Documentation
- GHG-Provided Hardware includes malfunction of clock (base unit), under normall usage/normal working environment.
- IVR Interface Support (if applicable)

Limits on Scope

There will be requirements for which the standard support rep is not suited. The support defined by this SLA cannot cover all platforms, software, and services. Given the goals, the user population, and the service and support list, there must also be some limits on scope of support and a "Won't Do" list. Here is a partial list of services that this SLA does not include:

- For Customer-Hosted configurations, customer is responsiblbe for all servers, server
 operating systems, database maintenance, security and backups
- For Customer-Hosted configurations, customer is responsible for notifiying GHG a minimum of 7 days in advance for any changes to configuration of server/operating system/database/IP addresses and 14 days in advance of accounting software interface.
- For Customer-Hosted configurations, customer will provide high speed (> 1 MG) remote connection (VPN) for GHG support to resolve issues.
- Network Troubleshooting
- Support for client Software beyond those products that access information on the eTSS server.
- Support will only be provided to customers that are current in payment terms (up to date on annual support)
- Hardware warrantee does not cover damage to clock by Moisture, Negligence, Intential Acts
 of Distruction, Tampering, Excessive Heat, Chemicals and Installatation in Harsh
 Environments.

Page 16 of 27

01/16/2015 Page 31 of 46

Customer Responsibilities

- Customers of the service, as part of this SLA in which the services they will receive are detailed, also have some responsibilities:
- Report problems in a timely manner, using the support email address or toll free number, including clear description of the problem, sample data, and other problem documentation.
- Use the GHG Support Reps for primary support, with requests only for more detailed or unusual support going to your implementation representative
- Make judicious use of backup/recovery services and other support services as a way to help ensure timely services remain available to all.
- Obtain customer training as a way to enhance effectiveness and to minimize questions or problems that require support intervention.

11. Cost

For hosted configurations, maintenance and product upgrades are included for the duration of the agreement. For purchased licensed customers, maintenance and upgrades are included for one year with the initial license agreement and available thereafter through a maintenance agreement, which must be purchased at prevailing rates. Maintenance and upgrades include software maintenance, problem resolution, bug fixes, enhancements, and new product releases.

12. Evergreening

Computing environments and requirements inevitably change, and this SLA needs to define an evergreening process to ensure that the support agreement keeps pace with the reality of user requirements. GHG recognizes that this SLA covers a set of services that is not all inclusive of those that may be used by the a number of email users. Changes to the service level agreement and comments regarding fulfillment of the commitments of the SLA will be solicited from the customers of the eTSS application and the support reps participating in the service.

Section D: General Terms

Term and Effective Date

- 1.01 This Agreement shall not become effective until approved in writing by County
- 1.02 GHG agrees to provide the services described in this Agreement within the timeline included in this Agreement. All services provided by GHG to County shall be completed on or before January 31, 2009.

Page 17 of 27

01/16/2015 Page 32 of 46

Compensation

- 2.01 For and in consideration of the services rendered by GHG, and subject to the limit of appropriation under Section D(6), County shall pay to GHG an amount not to exceed \$53,520.00, including reimbursable expenses, if any.
- 2.02 GHG shall submit invoices to County and County shall pay each invoice within thirty (30) days after the County Project Manager's written approval provided however, that the approval or payment of any statement shall not be considered to be conclusive evidence of performance by GHG to the point indicated by such invoice or of receipt or acceptance by County of the services covered by such invoice.
- Termination
- 3.01 County may terminate this Agreement at any time by providing ten (10) days written notice to GHG.
- 3.02 Upon receipt of such notice, GHG shall discontinue all services in connection with the performance of this Agreement and shall proceed to cancel promptly all existing orders and contracts insofar as such orders or contracts are chargeable to this Agreement.
- 3.03 Within thirty (30) days after receipt of notice of termination, GHG shall submit a statement, showing in detail the services performed under this Agreement to the date of termination.
- 3.04 County shall then pay GHG that proportion of the prescribed charges which the services actually performed under this Agreement bear to the total services called for under this Agreement, less such payments on account of charges as have been previously made.
- 3.05 Copies of all completed or partially completed designs, drawings, electronic data files and specifications prepared under this Agreement shall be delivered to the County when and if this Agreement is terminated in the manner and for the purposes provided in this Agreement.
- 4. Insurance: GHG shall, prior to performing billable services and for the duration of term of this Agreement, keep in full force and effect a policy of general liability insurance of not less than \$1,000,000.00 for each claim aggregate, which shall be approved by the Fort Bend County Risk Management Department prior to purchase. The policy shall contain a clause that the insurer will not cancel or change the insurance without first giving County ten (10) days prior written notice. The insurance shall be in a company acceptable to the Fort Bend County Risk Management Department and a copy of the policy or certification of insurance shall be delivered to the Fort Bend County Risk Management Department prior to the commencement of any services under this Agreement.

Notice

- Any notice required to be given under the provisions of this Agreement shall be in writing and shall be duly served when it shall have been deposited, enclosed in a wrapper with the proper postage prepaid thereon, and duly registered or certified, return receipt requested, in a United States Post Office, addressed to the County or GHG at the addresses set forth below.
- 5.02 If mailed, any notice or communication shall be deemed to be received three days after the date of deposit in the United States Mail.
- 5.03 Unless otherwise provided in this Agreement, all notices shall be delivered to the following addresses:

- 5.04 Either party may designate a different address by giving the other party ten (10) days written notice.
- Limit of Appropriation
- Prior to the execution of this Agreement, GHG has been advised by County, and GHG clearly understands and agrees, such understanding and agreement being of the absolute essence to this contract, that County shall have available the total maximum sum of \$53,520.00, including reimbursable expenses, if any, specifically allocated to fully discharge any and all liabilities which may be incurred by County.
- 6.02 GHG does further understand and agree, said understanding and agreement also being of the absolute essence of this contract, that the total maximum compensation that GHG may become entitled to hereunder and the total maximum sum that County shall become liable to pay to GHG hereunder shall not under any conditions, circumstances or interpretations thereof exceed the sum of \$53,520.00, except as may be amended in writing by County.

Page 19 of 27

01/16/2015 Page 34 of 46

- Successors and Assigns
- 7.01 County and GHG bind themselves and their successors, executors, administrators and assigns to the other party of this Agreement and to the successors, executors, administrators and assigns of such other party, in respect to all covenants of this Agreement.
- 7.02 Neither County nor GHG shall assign, sublet or transfer its interest in this Agreement without the prior written consent of the other.
- 7.03 Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of any public and/or governmental body that may be a party hereto.
- 8. Public Contact
- 8.01 Contact with any media outlet, citizens of Fort Bend County or governmental agencies shall be the sole responsibility of County.
- Under no circumstances, whatsoever, shall GHG release any material or information developed or received in the performance of its services hereunder without the express written permission of County, except where required to do so by law.

Compliance Standards

GHG shall render the services hereunder in accordance with the highest standards of the industry in the Greater Houston Metro Area, applicable thereto and shall use that highest degree of care and skill commensurate with the profession to the services provided under this Agreement to County. GHG shall comply with all applicable state, federal, and local laws, ordinances, rules and regulations relating to the services to be rendered hereunder, and GHG's performance.

10. Indemnification

- 10.01 GHG SHALL SAVE HARMLESS COUNTY FROM AND AGAINST ALL CLAIMS, LIABILITY, AND EXPENSES, INCLUDING REASONABLE ATTORNEYS FEES, ARISING FROM ACTIVITIES OF GHG, ITS AGENTS, CONSULTANTS, CONTRACTORS OR EMPLOYEES, PERFORMED UNDER THIS AGREEMENT THAT RESULT FROM THE NEGLIGENT ACT, ERROR, OR OMISSION OF GHG OR ANY OF CONTRACTOR'S AGENTS, SERVANTS OR EMPLOYEES.
- 10.02 GHG SHALL ALSO SAVE HARMLESS COUNTY FROM AND AGAINST ANY AND ALL EXPENSES, INCLUDING REASONABLE ATTORNEY'S FEES WHICH MIGHT BE INCURRED BY COUNTY, IN LITIGATION OR OTHERWISE RESISTING SAID CLAIMS OR LIABILITIES THAT MIGHT BE IMPOSED ON COUNTY AS THE RESULT OF SUCH ACTIVITIES BY GHG, ITS AGENTS, CONSULTANT'S, CONTRACTORS OR EMPLOYEES.
- 11. Modifications: This instrument contains the entire Agreement between the parties relating to the rights herein granted and obligations herein assumed. Any oral or written representations or modifications concerning this instrument shall be of no force and effect excepting a subsequent written modification signed by both parties hereto.
