2016 Esri NATIONAL SECURITY AND PUBLIC SAFETY SUMMIT

Hilton San Diego Bayfront

June 25-28, 2016 | San Diego, California

[MAIN](#)[AGENDA](#)[REGISTRATION](#)[ABOUT](#)[REGISTER NOW →](#)[MENU](#)[Register Now →](#)

ONE PLATFORM, MANY MISSIONS

When a disaster strikes, knowing what you need and how to find it can be the key factor that saves lives, resources, and critical infrastructure. Join us at the Esri National Security and Public Safety Summit to see what preparedness really looks like and how GIS can get you there. Whether you work in defense, national security, intelligence, law enforcement, emergency management, or public safety, you'll see how geospatial technology enables true situational awareness and comprehensive understanding in even the most dire circumstances.

ABOUT THE NATIONAL SECURITY AND PUBLIC SAFETY SUMMIT

The Esri National Security and Public Safety Summit (formerly Esri Homeland Security Summit) is the world's largest geographic information system (GIS) event dedicated to homeland security, national security, and defense. It is attended each year by professionals from around the world, including executives, analyst, intelligence personnel, and frontline staff, to discover how Esri software, services, and partner agencies improve mission workflows.
