RE: Invoice for Environmental Services
Cane Island Parkway
FBC/EHRA Project No. 121-079-50-00
BIO-WEST Job No. 1711.1

Dear Mr. Slawinski,

Enclosed is BIO-WEST's invoice for services provided from 2/01/15 to 2/28/15 for Professional Environmental Services.

This letter is presented to summarize activities conducted on the Cane Island Parkway – Individual Permit Project during the month of February 2015. Below are tasks with short descriptions in which employees provided support.

- Project Management – Working with client and engineer collecting needed data and compiling information for use in permitting. Managing archeological consultants work on project. Coordinate with USACE PM on project needs.
- Permit Submission – Writing and submitting the Nationwide Permit and supporting documents for submission to the USACE..
- Administration – Provided support to project manager.

The total for these environmental services is \$1,959.09. If you have any questions or require any additional information, please feel free to contact me at (832) 595-9064. Thank you for the opportunity to provide our services.

Sincerely,

Martin Heaney
Project Manager

Stacy,

I hope you had a great Christmas and New Year.

I wanted to follow up with you on a development that was brought to my attention during the holidays. During the transition from EHRA managing the Cane Island Parkway project and budget two invoices for environmental services were sent to EHRA, but I believe should have been sent to FBC, as per a discussion Justin Ring and I had this morning.

The two invoices are attached and have been revised with the County's information. Please let me know if there are any issues with the County processing these invoices. As this just occurred on our end, payment will not be considered delinquent and we are very willing to work with all parties involved to rectify the situation.

Please feel free to contact myself or Ms. Tina Holik (cc'd here) if you have any questions.

Thank you,

Andy Boswell
