Re: FM 2218: From US 59
To SH 36
Fort Bend County, Texas
Property ID: R46659, R412394, R412396, R412395

Dear Landowner:

Landtech Consultants, Inc. has been contracted by the Texas Department of Transportation (TxDOT) to conduct a survey along and near FM 2218, from US 59, southwesterly to SH 36, and the adjoining properties located in Fort Bend County, Texas. The survey work will consist of locating property corners and measuring the existing right-of-way lines and topographical features such as structures, utility lines, pipelines, fences, bridges, culverts and ditches, etc., along the route for mapping purposes related to roadway improvement planning and design. This will require the survey personnel to enter upon your property.

Prior to commencing the survey, we request that landowners along and near that area of FM 2218, as defined above, please complete and sign the enclosed Permission for Right of Entry form, including any special instructions for entering your property. Please return the form in the envelope provided within the next 10 days.

Thank you for your cooperation and patience in the development of this road project. If you have any questions regarding the survey, please call me or Mr. Bill Massey, R.P.L.S., anytime during business hours at (713) 861-7068.

Sincerely,

Landtech Consultants, Inc.

Russell Henderson
Registered Professional Land Surveyor No. 5641
Project Surveyor

**PERMISSION FOR RIGHT OF ENTRY
FOR DESIGN AND RIGHT-OF-WAY SURVEYS**

I, _____, the undersigned, being the owner of certain real estate, understand that the property located along and near FM 2218, from US 59, southwesterly to SH 36, and the adjoining properties located in Fort Bend County, Texas, will be affected by this professional survey. Texas Department of Transportation (TxDOT) personnel and/or their independent contractors (Landtech Consultants Inc.) will conduct some or all of the following work on the property:

- 1.) Locate front, side, and rear property corners of properties located along and near FM 2218 and throughout the project limits described above.
- 2.) Determine the location of topographical features (structures, utility lines, pipelines, fences, bridges, culverts and ditches, etc.).

ACCEPTANCE OF ENTRY TO PROPERTY

I, _____, understanding the nature and extent of the survey necessary to complete the mapping on this project, do hereby grant permission to TxDOT and their contractors to enter the real estate to conduct the required surveys.
