2. If, after termination, it is determined for any reason whatsoever that Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the County in accordance with Section 7A above.

C. Upon termination of this Agreement, County shall compensate Contractor in accordance with Section 3, above, for those services which were provided under this Agreement prior to its termination and which have not been previously invoiced to County. Contractor's final invoice for said services will be presented to and paid by County in the same manner set forth in Section 3 above.

Accordingly, County may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges

## TAB 1: UNDERSTANDING SCOPE OF WORK

Chuck Wolf and Dale Samuelsen have both reviewed RFP 16-047 to clearly understand the Scope Of Work, terms and conditions. Both provided information for this Proposal.

If selected for negotiations with Fort Bend County, Wolf will negotiate on behalf of Media Consultants as the primary contractor, but Samuelsen will be available upon request.

If awarded the contract by Fort Bend County Commissioners, both Wolf and Samuelsen will be available to meet with representatives from each of the departments whose personnel might be activated before, during or after an emergency response incident or disaster. Because Wolf and Samuelsen both live and work in Fort Bend County, such meetings can be easily scheduled at any department's office in Fort Bend County.

We propose dividing the Scope Of Work into four phases as detailed in our Budget Proposal on page 8:

- **Phase 1: Pre-production** planning, script writing and tours of shooting locations
- **Phase 2: Shooting** in high-definition (HD) format over two (2) days
- **Phase 3: Editing** raw footage over two (2) days; adding music, titles and supers
- **Phase 4: Post-production** creating .MOV and .WMV files; duplicating 75 DVD's

At least two such Pre-Production meetings will be scheduled in March and April 2016 to review and revise the 2007 script then create a new 2016 script, incorporating the changes noted in the Employee Video Project Meeting on December 14, 2015, and adding new contents about High Consequence Infectious Diseases such as Ebola.

The goal is to have a final "ready to shoot" script approved by Fort Bend County's Employee Video Project Team before April 15, 2016.

In order to keep the 2016 video under 12 minutes in length and under the County's budget of \$23,000 as defined in RFP 16-047, we will collaborate with the Employee Video Project Team to identify those tasks that they can perform internally (such as recruiting Cast members and scouting potential shooting sites) to reduce billable hour time performed by us. We will only charge for our actual time and mileage required.

We recommend shooting all principal videography (including any A-roll on-mike scenes and B-roll off-mike scenes with County employees) first, then shooting B-roll of County landmarks (such as the opening scenes 2-7 and closing montage scenes 49) last, so the most critical scenes in the video are completed, in case shooting B-roll of County landmarks must be reduced to stay under budget and under the 12-minute video length.

*CPW*

# Media Consultants

Unlike the 2007 video that used the County Judge as both an on-camera Spokesperson and an off-camera Narrator, we recommend using Chuck Wolf (or another broadcast professional hired by Fort Bend County) as the off-camera Narrator to "voice-over" most of the audio contents. The County Judge may only be on-camera to open and close the video. Should Judge Hebert retire in the future, we could easily replace his scenes with new footage shot with the new County Judge or another Fort Bend County official.

The goal is to have our 3-person crew (Director Chuck Wolf, Videographer Dale Samuelsen, and an Audio/Lighting Tech and Grip) complete two (2) days of on-location A-roll and B-roll shooting before April 30, 2016. Members of the Employee Video Project Team are encouraged to attend the shooting, coordinate with County employees serving as Cast members, and approve the best takes of each scene that are shot.

All of the raw footage will be saved on a USB jump drive and given to the Employee Video Project Team Leader, so the County will have access to this raw footage for any future videos that the County needs to produce.

Editing of the raw footage will be scheduled over two (2) consecutive days at Sweetwater Video Productions in Sugar Land. A representative of the Employee Video Project Team is encouraged to attend the editing, help select the best takes, and approve recommendations of music, titling, supers or any changes for the video.

After the editing is completed, we will email a link to a downloadable time-coded window version of a QuickTime .MOV file of the video to all members of the Employee Video Project Team for their approval. Since Team members previously approved the script, attended the shooting, and approved editing recommendations, any additional changes should be minor. Additional shooting or editing work will be performed on a billable hour and mileage basis (budget permitting).

The goal is to complete the editing of the video and have an approved video "ready to duplicate" before May 15, 2016.

Samuelsen will convert the approved video master into digital QuickTime .MOV and Windows Media Video .WMV files that can be posted on Fort Bend County's intranet site for new and current County employees to view at anytime. Samuelsen will also provide 75 copies of the approved video on DVD in MPEG-2 (ICD-9) format that will play in a computer with a compatible DVD player or in a stand-alone DVD player.

The goal is to complete duplications of the approved video before May 31, 2016, which is two weeks ahead of the County's project deadline of June 15, 2016.
