COALITION**

# About the Lower Brazos River Coalition

The Lower Brazos River Coalition is a grassroots partnership of concerned individuals, organizations, municipalities, ranchers and farmers, environmentalists and conservationists, businesses and industries seeking fair and effective Brazos River water supply management.

The LBRC seeks to ensure the river's limited resources are developed and managed for the benefit of all. The Coalition provides a collective voice for downstream interests as competition for water increases.

## Join us today!

## Keep the Brazos River flowing.

*The LBRC is a Task Force of The Economic Development Alliance for Brazoria County.*

## PROBLEM

Prolonged drought over the past 6 1/2 years has affected major portions of the Brazos River watershed and these conditions are projected to continue for the foreseeable future.

Water demands in the Brazos River Basin are **expected to nearly triple** by 2060, faster than the statewide average, based on State Water Plan projections for Regions G and H. As a result:

- Competition for river water has fueled tensions among stakeholders in the watershed.
- Organizations from the upper and middle portions of the river basin are seeking to restrict the flow of water downstream.
- Cutting off flows harms downstream communities, agriculture, natural habitats and commerce.

## SOLUTION

A fair allocation of river water is essential – and that requires:

- **Balanced management of river water and flood control** – based on sound science, engineering and law
  - More water conservation
  - Enforceable drought management
  - **Enhanced water supplies throughout the Brazos River Basin**

---

## **Thank You to the LBRC Members:**

### **Platinum & Gold Level Business Members**

Freeport LNG  
Gulf Coast Water Authority  
INEOS Olefins & Polymers USA  
Marathon Petroleum  
Valero Refining – Texas City

### **Corporate Level Business Members**

Alan Plummer Associates	NRG Energy
BASF Corporation	Perdue Brandon Fielder Collins & Mott / Stevens & Rau
Berg-Oliver Associates	Phillips 66 – Sweeny Refinery
Cobb, Fendley & Associates	Ron Carter Automotive
Costello, Inc.	SI Group
Eastman Chemical	Terracon
EHRA Engineering	The Dow Chemical Company
Freese and Nichols	The First State Bank Louise
LJA Engineering	Underground Storage, LLC
Municipal District Services	

### **Supporting Businesses/Cities/Towns/Counties Members**

Brazoria County	Bayview MUD
City of Galveston	Brazosport Area Chamber
City of Kemah	Brazosport Water Authority
City of League City	Cliff & Beth Mock Farms
