However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

Future developments. Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at www.irs.gov/fw9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)

- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding? on page 2.

By signing the filled-out form, you:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued).
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
- Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester.
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details).

3. The IRS tells the requester that you furnished an incorrect TIN.

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code* on page 3 and the separate instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships* above.

What is FATCA reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code* on page 3 and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account, list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note. ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C Corporation, or S Corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box in line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box in line 3.

Limited Liability Company (LLC). If the name on line 1 is an LLC treated as a partnership for U.S. federal tax purposes, check the "Limited Liability Company" box and enter "P" in the space provided. If the LLC has filed Form 8832 or 2553 to be taxed as a corporation, check the "Limited Liability Company" box and in the space provided enter "C" for C corporation or "S" for S corporation. If it is a single-member LLC that is a disregarded entity, do not check the "Limited Liability Company" box; instead check the first box in line 3 "Individual/sole proprietor or single-member LLC."

Line 4, Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space in line 4 any code(s) that may apply to you.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

- K—A broker
- L—A trust exempt from tax under section 664 or described in section 4947(a)(1)
- M—A tax exempt trust under a section 403(b) plan or section 457(g) plan

Note. You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on this page), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code* earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

- 1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must give your correct TIN, but you do not have to sign the certification.
- 2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.
- 3. Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.
- 4. Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).
- 5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN.
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. Executive Summary

5engineering, llc (5e) is a full service Civil Engineering firm, with expertise in infrastructure design, including roadway, waterline, water and wastewater facilities, drainage and industrial and commercial site development. 5e has extensive experience in municipal operations, including capital improvement plans, operating budgets, and asset management. The project team has extensive experience in the preparation of complete design bid packages for sanitary sewer lift station rehabilitations. We will work with Fort Bend County and the City of Kendleton to confirm that the initial base project scope and assessment is appropriate. We will complete a Preliminary Engineering Report to determine the necessary rehabilitation of the lift station to address deficiencies. The recommendations will be presented to the County's Technical Review Committee (TRC). After the TRC evaluation and approval, we will provide final design and construction phase services. **Ms. Jennie Almerico, P.E.** is the primary contact for 5e.

Understanding Scope of Work

The City of Kendleton's Lum Road Lift Station #3 is experiencing high flow levels during severe rain events. The City is seeking engineering firms to evaluate the lift station and recommend modifications to improve the performance and function. Our approach begins with a thorough understanding of the client's needs, consideration of economic and market conditions and an in-depth analysis of the environmental constraints and opportunities affecting design. This information provides the basis for developing project plans, beginning first with preliminary conceptual studies and commencing with a comprehensive engineered site design package. Our approach is to deliver cost effective and sustainable solutions that meet or exceed Fort Bend County's requirements.

Cost Effective Solutions - 5e strives to provide innovative solutions to save construction and long term maintenance costs. In addition, 5e engineering is dedicated to providing sustainable solutions, and are Charter Members of the Institute for Sustainable Infrastructure.

It is our goal to find cost savings alternatives that not only benefit the client, but also protect the environment. A good example of this approach is the force main evaluation and replacement project as part of the Woodlands Wastewater Program for the San Jacinto River Authority. The Authority was experiencing failures on force mains of a certain

age and type of material, so Ms. Almerico implemented a condition assessment and replacement guideline, based on cost benefit to the Authority. Not only did this save the Authority money on costly repairs, but it also prevented sanitary sewer overflows, which can result in harmful effects to the environment and regulatory fines.

Demonstrated Timeliness on Similar Projects - 5e maintains a short list of clients and therefore can offer personalized attention to projects. We are able to dedicate adequate staff to complete projects on schedule and on budget. Our project team has an excellent record of successfully executed projects both as prime consultants and as sub-consultants on City of Houston projects. Our team's project record shows our ability to complete a quality project on time. 5e was on winning teams for the City's 2015 Fiscal Year SOQs in which the project schedule was met.

Project Approach - We understand the needs of the City of Kendleton. As a former employee of the San Jacinto River Authority, Ms. Almerico has a thorough understanding of the effects of inflow and infiltration (I&I) on a City's infrastructure as it places heavy demands on the system which can lead to problems such as sanitary sewer system overflow. In conjunction with the age and deterioration of the infrastructure, the City must plan and implement cost effective and sustainable rehabilitation methods. 5e looks forward to the opportunity to

help the City meet its goals to improve the operation and function of Lum Road Lift Station #3.

The project will include a four phase process.

Phase 1: Condition Assessment and Alternative Analysis – includes an initial inventory and condition assessment for the lift station. All available data from the City will be used to compile information such as pump run times, capacity, material, age, and condition. This data could include any physical inspection reports, maintenance reports, survey data, and other planning data provided by the City, and as-built plans for each lift station. 5e will conduct a field survey, coordinating with City field personnel, as appropriate. The condition of the site will be evaluated for the following: structural, mechanical, electrical, instrumentation, and flow/hydraulic capacity. The lift station's network will be evaluated, including, gravity sanitary sewers, force mains, and discharge manholes. This information will allow the project team to determine alternatives for each lift station, which will include, an analysis of abandoning the lift station and diverting the sanitary sewer. Also, the lift station will be evaluated based on the current City of Kendleton and TCEQ design standards.

Phase 2: Preliminary Engineering Report (PER) – The Preliminary Engineering Report will include results of the condition assessment and alternative analysis. These results will be used to determine the necessary repairs required for the lift station.

The PER and rehabilitation/modification recommendations will be presented to the City.

The PER will look at all the rehabilitation or modification alternatives. The PER will also evaluate in-flow and infiltration prevention measures and infrastructure construction. Each alternative will be evaluated based on the impact to the neighborhood infrastructure, construction impact and phasing, construction cost estimates, residential impact, and a Life-Cycle Cost Analysis. The PER will also provide an analysis of the sanitary sewer line hydraulics to determine if there is any impact based on each alternative. The 20-year Growth Plan for the City includes planning data which will be used to evaluate future hydraulic scenarios. The determination from the PER will provide the City with a rehabilitation plan that takes into account cost alternatives, impact minimization, and future planning scenarios.

Phase 3: Design Phase – The construction plans, contract documents, and preliminary construction cost estimates will be submitted to the City for review and comment at the 30%, 60%, and 90% phases. The project team will incorporate the City's comments into each subsequent phase after receipt of comments. A written submittal summary letter will be provided describing how each comment was addressed. 5e will ensure that all recommendations follow all applicable City, state, and federal guidelines, including, TCEQ rules (30 TAC Chapter 217) and Fort Bend County rules and regulations.

The final construction plans, contract documents, and cost estimate will be provided to the City at the end of this phase.

Phase 4: Construction Phase – The final project team will assist the City with bid phase services, including attending pre-bid and bid meetings, preparation of addenda, preparation of an engineer's recommendation and/or participation in a proposal review committee. This Phase is a high priority and requests for information will be addressed in a timely manner. All City guidelines will be followed on all construction related reviews and documents.

Firm's Experience

Experience in Accomplishing Similar Projects - 5e was selected as the prime consultant for the *Force Main Renewal and Replacement: Eldridge Parkway, Beechnut, West Orem and Golf Course* project in the City of Houston's 2015 Fiscal Year SOQ. The team has extensive experience in similar lift station renewal and replacement projects, as illustrated by the following projects.

5engineering Experience

The **FY15 Wastewater Force Main Renewal and Replacement** project includes the evaluation and preparation of a preliminary engineering report, final design, and construction phase services for the rehabilitation or replacement of over 15,200 linear feet of force mains for the Eldridge Parkway, Beechnut, West Orem, and Golf Course lift stations. The force mains have diameters between 10 and 20 inches. 5e is currently conducting the evaluation and preparing the Preliminary Engineering Report. All deadlines have been met and the project is on schedule. Client: City of

Houston. Contact: Akhter Hussain, P.E. Phone No.: 832-395-2294

Ms. Jennifer T. Almerico, P.E. managed the **Pump Station/Lift Station Evaluations** project which modeled The Woodlands water system using KYPipe software, and the subsequent transition to Bentley WaterGEMS. Ms. Almerico evaluated the land development planning data for The Woodlands and calculated the projected water demand for each service area, using an application that integrated with GIS. She made recommendations for pump station upgrades and implemented the purchase and installation of new pumps. She evaluated each lift station service area and performed a condition assessment of the pumps. She performed pump flow monitoring to verify the efficiency of the pumps, and designed replacements where necessary. She worked closely with Operations and Maintenance personnel to achieve optimal results. Client: San Jacinto River Authority. Contact: SuEllen Staggs. Phone: 281-367-9511.

The **Solids Handling Facilities, High Service Pump Station, and Yard Piping, City of Houston Southeast Water Purification Plant** project included preliminary and final design of the solids handling facilities, high service pump station, and yard piping for the City of Houston Southeast Water Purification Plant to increase plant capacity from 120 to 200 mgd. Ms. Almerico prepared recommendations in the preliminary design report, construction cost estimates, equipment selections,

and specifications. This project also included the design of the expansion of the existing Return Flow "A" Pump Station. Calculations were performed to size the thickened sludge distribution chamber, the two thickened sludge truck loading pump stations, the addition of two residual solids thickeners, and the expansion of the High Service Pump Station. A hydraulic analysis of the High Service Pump Station was performed to determine the size of the new pumps, the new layout of the pumps was designed, and a control strategy was provided to the client. Client: City of Houston. Contact: Brent Nicholas (CDM Smith). Phone No. 713-423-7300.

The **Reclaimed Water Pump Station and Sanitary Sewer Lift Station** project included the design and construction of a 525 gpm reclaimed water pump station at the Turkey Creek Wastewater Treatment Plant. The reclaimed water was ultimately used for irrigation purposes. This project also included a 25.5 mgd sanitary sewer lift station on Jones Road, including an access road off Jones Road to the sanitary lift station. For both the lift station and pump station, hydraulic analyses calculations were performed to size the new pumps. Specifications and bidding documents were prepared for the pump station, lift station and 100 linear feet of 10-inch sanitary force main, 70 linear feet of 42-inch sanitary trunk sewer, and 300 linear feet of 8-inch reclaimed water line. Client: City of Bryan, Texas. Contact: Ralph Cox (RPS Klotz). Phone No.: 281-589-7257.

C. The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR part 135.

E. The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR part 135.

F. Noncompliance with HUD's regulations in 24 CFR part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.
Future developments. Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at www.irs.gov/fw9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)

- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
 - Form 1099-C (canceled debt)
 - Form 1099-A (acquisition or abandonment of secured property)
- Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.
- If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding? on page 2.*
- By signing the filled-out form, you:
1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued).
 2. Certify that you are not subject to backup withholding, or
 3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
 4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details).

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code* on page 3 and the separate instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships* above.

What is FATCA reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code* on page 3 and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

If this Form W-9 is for a joint account, list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note. ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C Corporation, or S Corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2. "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box in line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box in line 3.

Limited Liability Company (LLC). If the name on line 1 is an LLC treated as a partnership for U.S. federal tax purposes, check the "Limited Liability Company" box and enter "P" in the space provided. If the LLC has filed Form 8832 or 2553 to be taxed as a corporation, check the "Limited Liability Company" box and in the space provided enter "C" for C corporation or "S" for S corporation. If it is a single-member LLC that is a disregarded entity, do not check the "Limited Liability Company" box; instead check the first box in line 3 "Individual/sole proprietor or single-member LLC."

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on this page), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

¹ See Form 1099-MISC, Miscellaneous Income, and its instructions.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 7
Broker transactions	Exempt payees 1 through 4 and 6 through 11 and all C corporations. S corporations must not enter an exempt payee code because they are exempt only for sales of noncovered securities acquired prior to 2012.
Barter exchange transactions and patronage dividends	Exempt payees 1 through 4
Payments over \$600 required to be reported and direct sales over \$5,000 ¹	Generally, exempt payees 1 through 5 ²
Payments made in settlement of payment card or third party network transactions	Exempt payees 1 through 4

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code* earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

- 1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must give your correct TIN, but you do not have to sign the certification.
- 2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.
- 3. Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.
- 4. Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN.
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.ftc.gov/idtheft or 1-877-IDTHEFT (1-877-438-4338).

On behalf of 5e Engineering, LLC (5e), we are pleased to submit this statement of qualifications to be considered for *SOQ15-088 Engineering Services to Review and Update Existing Plans for Lum Road Lift Station #3*. We are excited about the opportunity to work with Fort Bend County on the lift station updates.

5e is qualified and well versed in all aspects of wastewater collection system infrastructure and the sanitary sewer rehabilitation process. Our team of professionals has project design experience both in evaluating, recommending, and designing rehabilitation projects.

We understand that project leadership is key to project success. We have identified Ms. Jennie Almerico to lead the proposed project team. Ms. Almerico's experience includes planning, design, and rehabilitation of wastewater facility infrastructure improvements. She has particular experience coordinating with CIP teams to provide successful wastewater projects.

We have a staff of experts with combined project experience which demonstrates that the 5e team will make an excellent choice, if selected.

Executive Summary

5engineering, llc (5e) is a full service Civil Engineering firm, with expertise in infrastructure design, including roadway, waterline, water and wastewater facilities, drainage and industrial and commercial site development. 5e has extensive experience in municipal operations, including capital improvement plans, operating budgets, and asset management. The project team has extensive experience in the preparation of complete design bid packages for sanitary sewer lift station rehabilitations. We will work with Fort Bend County and the City of Kendleton to confirm that the initial base project scope and assessment is appropriate. We will complete a Preliminary Engineering Report to determine the necessary rehabilitation of the lift station to address deficiencies. The recommendations will be presented to the County's Technical Review Committee (TRC). After the TRC evaluation and approval, we will provide final design and construction phase services. **Ms. Jennie Almerico, P.E.** is the primary contact for 5e.

Understanding Scope of Work

The City of Kendleton's Lum Road Lift Station #3 is experiencing high flow levels during severe rain events. The City is seeking engineering firms to evaluate the lift station and recommend modifications to improve the performance and function. Our approach begins with a thorough understanding of the client's needs, consideration of economic and market conditions and an in-depth analysis of the environmental constraints and opportunities affecting design. This information provides the basis for developing project plans, beginning first with preliminary conceptual studies and commencing with a comprehensive engineered site design package. Our approach is to deliver cost effective and sustainable solutions that meet or exceed Fort Bend County's requirements.

Cost Effective Solutions - 5e strives to provide innovative solutions to save construction and long term maintenance costs. In addition, 5engineering is dedicated to providing sustainable solutions, and are Charter Members of the Institute for Sustainable Infrastructure.

It is our goal to find cost savings alternatives that not only benefit the client, but also protect the environment. A good example of this approach is the force main evaluation and replacement project as part of the Woodlands Wastewater Program for the San Jacinto River Authority. The Authority was experiencing failures on force mains of a certain

age and type of material, so Ms. Almerico implemented a condition assessment and replacement guideline, based on cost benefit to the Authority. Not only did this save the Authority money on costly repairs, but it also prevented sanitary sewer overflows, which can result in harmful effects to the environment and regulatory fines.

Demonstrated Timeliness on Similar Projects - 5e maintains a short list of clients and therefore can offer personalized attention to projects. We are able to dedicate adequate staff to complete projects on schedule and on budget. Our project team has an excellent record of successfully executed projects both as prime consultants and as sub-consultants on City of Houston projects. Our team's project record shows our ability to complete a quality project on time. 5e was on winning teams for the City's 2015 Fiscal Year SOQs in which the project schedule was met.

Project Approach - We understand the needs of the City of Kendleton. As a former employee of the San Jacinto River Authority, Ms. Almerico has a thorough understanding of the effects of inflow and infiltration (I&I) on a City's infrastructure as it places heavy demands on the system which can lead to problems such as sanitary sewer system overflow. In conjunction with the age and deterioration of the infrastructure, the City must plan and implement cost effective and sustainable rehabilitation methods. 5e looks forward to the opportunity to

help the City meet its goals to improve the operation and function of Lum Road Lift Station #3.

The project will include a four phase process.

Phase 1: Condition Assessment and Alternative Analysis – includes an initial inventory and condition assessment for the lift station. All available data from the City will be used to compile information such as pump run times, capacity, material, age, and condition. This data could include any physical inspection reports, maintenance reports, survey data, and other planning data provided by the City, and as-built plans for each lift station. 5e will conduct a field survey, coordinating with City field personnel, as appropriate. The condition of the site will be evaluated for the following: structural, mechanical, electrical, instrumentation, and flow/hydraulic capacity. The lift station's network will be evaluated, including, gravity sanitary sewers, force mains, and discharge manholes. This information will allow the project team to determine alternatives for each lift station, which will include, an analysis of abandoning the lift station and diverting the sanitary sewer. Also, the lift station will be evaluated based on the current City of Kendleton and TCEQ design standards.

Phase 2: Preliminary Engineering Report (PER) – The Preliminary Engineering Report will include results of the condition assessment and alternative analysis. These results will be used to determine the necessary repairs required for the lift station.

The PER and rehabilitation/modification recommendations will be presented to the City.

The PER will look at all the rehabilitation or modification alternatives. The PER will also evaluate in-flow and infiltration prevention measures and infrastructure construction. Each alternative will be evaluated based on the impact to the neighborhood infrastructure, construction impact and phasing, construction cost estimates, residential impact, and a Life-Cycle Cost Analysis. The PER will also provide an analysis of the sanitary sewer line hydraulics to determine if there is any impact based on each alternative. The 20-year Growth Plan for the City includes planning data which will be used to evaluate future hydraulic scenarios. The determination from the PER will provide the City with a rehabilitation plan that takes into account cost alternatives, impact minimization, and future planning scenarios.

Phase 3: Design Phase – The construction plans, contract documents, and preliminary construction cost estimates will be submitted to the City for review and comment at the 30%, 60%, and 90% phases. The project team will incorporate the City's comments into each subsequent phase after receipt of comments. A written submittal summary letter will be provided describing how each comment was addressed. 5e will ensure that all recommendations follow all applicable City, state, and federal guidelines, including, TCEQ rules (30 TAC Chapter 217) and Fort Bend County rules and regulations.

The final construction plans, contract documents, and cost estimate will be provided to the City at the end of this phase.

Phase 4: Construction Phase – The final project team will assist the City with bid phase services, including attending pre-bid and bid meetings, preparation of addenda, preparation of an engineer's recommendation and/or participation in a proposal review committee. This Phase is a high priority and requests for information will be addressed in a timely manner. All City guidelines will be followed on all construction related reviews and documents.

Experience in Accomplishing Similar Projects - 5e was selected as the prime consultant for the *Force Main Renewal and Replacement: Eldridge Parkway, Beechnut, West Orem and Golf Course* project in the City of Houston's 2015 Fiscal Year SOQ. The team has extensive experience in similar lift station renewal and replacement projects, as illustrated by the following projects.

5engineering Experience

The **FY15 Wastewater Force Main Renewal and Replacement** project includes the evaluation and preparation of a preliminary engineering report, final design, and construction phase services for the rehabilitation or replacement of over 15,200 linear feet of force mains for the Eldridge Parkway, Beechnut, West Orem, and Golf Course lift stations. The force mains have diameters between 10 and 20 inches. 5e is currently conducting the evaluation and preparing the Preliminary Engineering Report. All deadlines have been met and the project is on schedule. Client: City of

Houston. Contact: Akhter Hussain, P.E. Phone No.: 832-395-2294

Ms. Jennifer T. Almerico, P.E. managed the **Pump Station/Lift Station Evaluations** project which modeled The Woodlands water system using KYPipe software, and the subsequent transition to Bentley WaterGEMS. Ms. Almerico evaluated the land development planning data for The Woodlands and calculated the projected water demand for each service area, using an application that integrated with GIS. She made recommendations for pump station upgrades and implemented the purchase and installation of new pumps. She evaluated each lift station service area and performed a condition assessment of the pumps. She performed pump flow monitoring to verify the efficiency of the pumps, and designed replacements where necessary. She worked closely with Operations and Maintenance personnel to achieve optimal results. Client: San Jacinto River Authority. Contact: SuEllen Staggs. Phone: 281-367-9511.

The **Solids Handling Facilities, High Service Pump Station, and Yard Piping, City of Houston Southeast Water Purification Plant** project included preliminary and final design of the solids handling facilities, high service pump station, and yard piping for the City of Houston Southeast Water Purification Plant to increase plant capacity from 120 to 200 mgd. Ms. Almerico prepared recommendations in the preliminary design report, construction cost estimates, equipment selections,

and specifications. This project also included the design of the expansion of the existing Return Flow "A" Pump Station. Calculations were performed to size the thickened sludge distribution chamber, the two thickened sludge truck loading pump stations, the addition of two residual solids thickeners, and the expansion of the High Service Pump Station. A hydraulic analysis of the High Service Pump Station was performed to determine the size of the new pumps, the new layout of the pumps was designed, and a control strategy was provided to the client. Client: City of Houston. Contact: Brent Nicholas (CDM Smith). Phone No. 713-423-7300.

The **Reclaimed Water Pump Station and Sanitary Sewer Lift Station** project included the design and construction of a 525 gpm reclaimed water pump station at the Turkey Creek Wastewater Treatment Plant. The reclaimed water was ultimately used for irrigation purposes. This project also included a 25.5 mgd sanitary sewer lift station on Jones Road, including an access road off Jones Road to the sanitary lift station. For both the lift station and pump station, hydraulic analyses calculations were performed to size the new pumps. Specifications and bidding documents were prepared for the pump station, lift station and 100 linear feet of 10-inch sanitary force main, 70 linear feet of 42-inch sanitary trunk sewer, and 300 linear feet of 8-inch reclaimed water line. Client: City of Bryan, Texas. Contact: Ralph Cox (RPS Klotz). Phone No.: 231-589-7257.

For Fort Bend County Community Development

Project Location: Lum Road Lift Station #3 (419 Lum Rd., Kendleton, Texas)

General Scope: The project consists of the preparation of construction cost estimate, a complete design bid package, assistance during the procurement process, and construction phase services. The project includes rehabilitation of the piping, valves, and electrical panels, and replacement of the pumps. The force main and lift station structure will remain the same.

Task 1 (Design Phase Services)

1. Project Kick Off Meeting – Attend one (1) project kick-off meeting by telephone or in person at the Fort Bend County Community Development Offices.
