Stacy-  
TxDOT has agreed to WB closure request and has approved the detour plan.

WB is requesting the weekend of 9/30, and the next two weekends after that.

They also agreed to put in the temp LT lane at Winfield the second or third weekend.

I will call you in the morning.

We need TxDOT to approve the plan, and need the Contractor to provide the date and time of the closure. We will request Commissioner's Court approval upon receipt of these items.

Thanks,

Stacy-

I understand that you will not be able to make the progress meeting this afternoon, due to the time change.

Can you fill me in on the process for submitting the proposed road closure to Commissioner's Court? You have the traffic control plan, as does TxDOT. Besides that, is there anything else that is needed? A letter request maybe?

Please let us know what is needed, and who it needs to come from.

Also, just to be clear, TxDOT has not agreed to the proposed road closure – that will be a major topic of discussion today. I expect that they will be persuaded to agree to it, but no guarantees. We will let you know whatever the decision is.

Thanks.

-Harry

Ms. Sowa-

Thank you for providing this letter to us. However, I need to correct one mistake. The two additional weekends are not only for possible weather delays; two weekends are needed to construct two different crossings, with the third weekend available in case of weather delays or other issues.

Would it be possible to have the letter corrected before it goes to Commissioner's Court? We do not want to give them the wrong information.

Please let us know.

-Harry
