RE: Harlem Road at West Airport Boulevard / Harvest Garden Boulevard – Interim Multi-Way Stop Control

Dear Commissioner Patterson:

The Fort Bend County Engineering Department has completed a review of the operational conditions at the intersection of Harlem Road at West Airport Boulevard / Harvest Garden Boulevard in response to a request for multi-way stop control. The posted speed limit on Harlem Road is 45 mph. The intersection currently operates with stop control on West Airport Boulevard / Harvest Garden Boulevard. Harlem Road and West Airport Boulevard are identified as Major Thoroughfares in the 2015 Fort Bend County Major Thoroughfare Plan.

A traffic signal will be constructed at the intersection and is scheduled to be operational in mid-2017. In the interim, Engineering recommends conversion of the intersection to multi-way stop control until the signal is operational, as shown on the attached traffic control plan. The public hearing date for acceptance of the plans will be scheduled on the next available Commissioner's Court Agenda. If you have any questions please do not hesitate to contact me at 281-633-7528 or chris.debaillon@fortbendcountytexas.gov.
