Website enhancements

We added a few enhancements to our site to make it more useful and easier to find and connect with other members.

You can search other users not only by what ILS they are using but also by products, City, State, or Country and Institution Type as well.

When you browse the Users List you will be able to see what products they use and what Institution Type they belong to whether it's Academic, Public, Law, etc.

We updated our FAQs and added a new section "IUG Log-in Issues, User Profile and Connections".
