The Honorable Robert Hebert;

Fort Bend County Judge

Dear Judge Hebert:

After much thought and consideration, I am recommending that EMS Billing and Collections be placed under the direction of the Chief of EMS. We have learned that regardless of the organizations structure, everything related to EMS is the responsibility of the Chief of EMS.

I believe that since it is the Chief's responsibility, he should have direct control of the billing and collections. Therefore, this is my recommendation. Should you need to contact me regarding this matter, please do so.

Respectfully yours,

Jeff Council
