LJA Job No. 1931-1416I (5.1)

Dear Commissioner Meyers:

We, LJA Engineering, Inc., have submitted the above referenced plat to the City of Fulshear. Accordingly, we are requesting that a public hearing date be set for Tamarron Trace Section 2 Street Dedication.

Tamarron Trace Section 2 Street Dedication is a partial replat of the previously platted Tamarron Lift Station Site No. 1, Plat No. 20140185, F.B.C.P.R. for the purpose of converting a portion of Restricted Reserve "A", Restricted to Access, into a public right-of-way. Tamarron Trace Section 2 Street Dedication will also add an additional fifty (50) feet of right-of-way width for an ultimate right-of-way width of one-hundred (100) feet and extend the right-of-way approximately 800' south.

The proposed partial replat is enclosed for your reference.

Should you have any questions, please contact me at 713.358.8830.

Sincerely,

Geoffrey A. Freeman
