Dear Mr. Hyde:

Pursuant to the attached Fort Bend County Commissioners Court action on July 25, 2017, Fort Bend County wishes to withdraw from the Low Income Repair and Replacement Program (LIRAP). The County understands that by withdrawal from the LIRAP program we will also no longer be eligible for the Local Initiative Project (LIP). Please discontinue the assessment of LIRAP fees on Fort Bend County vehicles owners at the earliest possible date.

In addition, I request that Fort Bend County be released from the LIRAP grant contract effective the last day of the legislative biennium in which the LIRAP fee termination date occurs. The intent is that Fort Bend County residents continued to have access to the collected LIRAP/LIP funds through August 31, 2019.

If you should have any questions, please contact my office at 281-341-8608.

Sincerely,

Robert E. Hebert
