RE: Willie Melton Paving and Drainage Improvements, FBC Mobility Project No.13115

#### Britten,

You can go ahead and process this estimate. This is their first estimate, there will be no need for the affidavit. We do need to remove the inclement weather page.

#### Vincent,

There was no affidavit attached, we will need that too. This is project is based on calendar days, we do not recognize rain days. The inclement weather page should not be an integral part of the pay estimate. Due to the extreme weather event we will take those days lost during that event into account at the end of the project should there be a need.
