Grantee shall also have reasonable rights of ingress and egress to and from said Easement Area, together with reasonable working space, for the purposes of erecting, installing, operating, maintaining, replacing, inspecting, and removing said Facilities, together with the additional right to remove from said Easement Area and Grantor's Property immediately adjoining thereto, all bushes, trees and parts thereof, or other structures or improvements which are within, protrude, bisect, encroach or overhang into said Easement Area and which, in Grantee's reasonable determination, endanger or may interfere with the efficient, safe and proper operation, and maintenance of said Facilities. Further, in the event dead or dangerous trees exist within the fall range of overhead electrical facilities, then Grantee shall have the right to take down dead or dangerous trees based on Grantee's discretion.

TO HAVE AND TO HOLD the above described Easement, together with all and singular the rights and appurtenances thereto in anywise belonging, unto Grantee, forever, and Grantor does hereby bind itself and its successors, heirs, assigns, and legal

representatives, to fully warrant and forever defend all and singular the above described Easement and rights unto said Grantee, against every person whomsoever lawfully claiming or to claim the same or any part thereof, by, through or under Grantor, but not otherwise.
