2018 NCMA Training Conference

Through Unity We Prosper

The 2018 NCMA Training Conference will be held in Orange Beach, Alabama.

This year's training theme, "Survival is Key", will focus on preparing all attendees to be proactive in using the information and skills provided to survive situations and have your citizens survive too. We are bringing Advance Law Enforcement Rapid Response Training (ALERRT) to certify the members at the conference as instructors in ALERRT's Civilian Response to Active Shooter Events (CRASE). With this instructor certification, members can take the training back to their community to spread the awareness and teach the public (Businesses, Churches, Libraries, Schools, and etc.) how to respond to active shooter events. After the conference, you will be able to take home training for civilians to survive an active shooter event, being able to communicate and de-escalation situations with people with mental illness, techniques to survive an officer ambush and protect civilians nearby, the dynamics of team work and being that "go to leader", and exploring the benefits of social media and how to use it on a daily basis. The training sessions this year will be exciting and rewarding for all attendees and will receive a certificate of credit toward your Continuing Education Units.

Main Training Courses

- ALERRT's Civilian Response to Active Shooter Events (CRASE)
- Train-the-Trainer
- Hostage Negotiation
- Achieving a Positive Response to People with Mental Illness
