To whom it may concern.

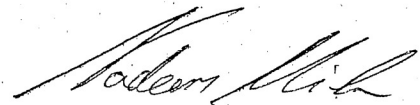

This letter is intended to request the variance on the requirement of the fence That is required for the salvage yard. Our business is not operating to sell parts To the public but instead we buy wreck cars to repair our own vehicles we own A repair shop and body shop.

As per conversation with Commissioner James Patterson he advised us that if the Variance could not be granted then I should request for time in which we have Discussed previously I am submitting the plan where we would install the fence.

I am looking forward to work with the county to ensure that all the requirements Are talking care and we are in compliance according to the laws and ordinance of the County .I am requesting at least six months' time for each side of the wall to be constructed.

Thanks for giving us the opportunity to write this request and hope to work Together. Thanks in advance.
