## SCOPE OF SERVICES

## **ATTACHMENT A**

### **Fort Bend County, TX Design, Provide and Install Vinyl Bus Wraps for Public Transportation Buses Proposal # RFP 14-069**

#### **Scope of Services:**

Display Graphics will be providing a "turn-key" contract for design and installation of vinyl bus wraps. Display Graphics' staff will work with FBC staff to create a multicolor bus wrap design for the public transportation fleet. Display Graphics will consider existing branding used by Fort Bend County as well as development wrap designs for differing sizes and types of vehicles. Display Graphics understands that Fort Bend County anticipates that a minimum of ten (10) vehicles and a maximum of one-hundred (100) vehicles will be wrapped during the term of the contract. Display Graphics also understands that this will be a five (5) year contract term. Design Graphics further understands, that the rates as set in Attachment B of this Agreement will be in effect during the full term of the contract.

#### **Design Service**

Display Graphics has our own in house graphic designer. The first round of graphics will be submitted to Fort Bend County for approval with-in the first week that the contract has been awarded and signed. Subsequent changes requested by Fort Bend will be resubmitted to Fort Bend within 2 business days. Display Graphics understands that Fort Bend County is requesting a design that can be utilized for vehicle wraps and other applications such as: ads, brochures, posters, logo and or merchandise design. Display Graphics understands that it is the intent of Fort Bend County to obtain an initial design which will be used throughout the contract period. Display Graphics understands that it is possible that design changes may be requested during the contract period either because of new marketing initiatives and/or because of vehicle body design changes. A separate cost per hour for design editing services has been provided and is included under fees. Display Graphics may invoice Fort Bend County for the design work once the design is at 100% completion and has been accepted by Fort Bend County. The design work will be the property of Fort Bend County.

#### **Materials and Installation**

Display Graphics will perform a site visit within 10 days after contract award to determine the shape of the current fleet while the graphics are being prepared. At that time the vehicles will be measured and matched against templates to determine if there are any differences in the sizing. Each different style of bus will require this step to be sure that the prints will fit the vehicle. Display Graphics will be using 3M IJ180cv3 film for the body and 3M perforated window film for the windows. Installation time is anticipated less than 2 days at our shop per bus. The initial wraps on the different body styles may take a day longer, allowing Display Graphics time to adjust graphics to fit to the reality of the 3 dimensional objects. After the initial wrap is done on a specific style of bus, we can cut the "out of service time" by having a 24 hour notice that a bus will be pulled out of service. Prep time can vary according to the buses needs, removal of graphics, cleaning the surface, removal of badges and lights. The advance notice will allow us to pre-print graphics and be ready for prep when the bus arrives. All of the buses will be installed in our climate control facility that will meet or exceed manufacturer requirements for installation. By doing such, this will allow security of the vehicle while in our care, and allow us to monitor the temperature conditions. Display Graphics will work with Fort Bend County to determine the most effective way to deliver the buses to us, and return them

A 3M certified installer or certified installer of approved equivalent will be installing the vinyl wrap on every Fort Bend County bus. Fort Bend County must approve the 3M equivalent before used.

Fort Bend County will make all efforts to be sure that all buses ready for graphic installation be reasonably

clean and free of mud or dirt. Display Graphics will be responsible for insuring every bus is clean prior to installing wraps.

Display Graphics understands that the fleet involved in this project is Fort Bend County's first line fleet used in daily operation therefore a minimum "out of service" time is understood. Fort Bend County has a limited number of spare vehicles available to continue service while wrap installations are taking place. As such, a minimum "out of service" time is desirable. Fort Bend County's preference is for wrap installations to occur when the transit fleet is not in use (after 8 p.m. weekdays or anytime on weekends. Display Graphics will work with Fort Bend County to develop an installation schedule that will limit the out of service time. At the time that Fort Bend County staff send notice, Display Graphics has 4 hours to respond to reschedule, if we are unable to accommodate an install on that day.

Display Graphics and Fort Bend County staff will negotiate a "no later than" turn-around time to complete installation once Display Graphics receives a notice that a bus is being pulled for install. Fort Bend County and Display Graphics will agree to a turn-around time per vehicle and the bus will be signed out with an expected date of return and both parties' signatures. Display Graphics understands that failure to meet the negotiated turn-around timeframe will result in a percentage 10% deduction from the cost of installation. Fort Bend County understand that a problem might arise, whether it be a dirty bus or a graphic that isn't matching the bus that was measured, therefore Fort Bend will allow one full day after the negotiated turn-around timeframe before a deduction is applied.

Display Graphics will re-apply all decals, markings, unit numbers, etc. that were removed prior to wrapping the bus. Fort Bend County will consider recommendations for alternative positions for these decals that will serve to convey the required message while enhancing the overall appearance of the vehicle. All decals, markings, unit numbers, etc. are to be replaced with new as part of the job; this will include the County Seal. If necessary, exterior decals or signs that are removed for installation of vinyl wrap will be replaced with like kind and quality as close as possible to the existing location(s) on the vehicle. A five (5) year warranty for the vertical body panels and a one (1) year warranty for the window film per the 3M MCS warranty will be applicable for each bus that is wrapped by Display Graphics.

The following decals are to be re-applied:

- Handicap vehicle sticker, Standard ADA compliant, white on blue, 7" square wheelchair symbol. Three on each bus, left side, right side and rear.
- Fort Bend County Seal, approximately 12" round. Three on each bus, left side, right side and rear. If this seal is incorporated in the design art work for the sides and/or rear of the vehicle, it will not need to be replaced separately. Fort Bend County will supply vendor with an appropriate electronic file image of the County Seal.
- Vehicle Unit Number, two on each vehicle, left front fender and right rear, consisting of one alpha character and three numeric characters, 2" high. Current unit numbers are standard block font, black decals. A different, contrasting color sticker or white background box will be required if applied over colored art work that would obscure the unit number.
- Warning sign, "CAUTION! CHILDREN MAY BE EXITING", one on the back of each vehicle. Black lettering on yellow background, approximately 14" wide by 5" tall. Some vehicles

in our fleet currently have this sign in a wide-diamond shape. Replacement with a single design for all vehicles in the fleet will be approved by Fort Bend County.

- Warning sign, "NOTICE THIS VEHICLE STOPS AT ALL RAILROAD CROSSINGS", one on the back of each vehicle, "NOTICE" is white lettering on blue background, balance of lettering is black on white background, approximately 10" wide by 7" tall.

#### Removal of Existing Wrap Graphics

Display Graphics has provided a price per hour for this service on the Price Worksheet. Display Graphics will work with Fort Bend County to negotiate the number of hours needed for wrap removal if or when that service becomes applicable.

#### Porter Service

Display Graphics will provide porter service of vehicles to and from bus yard and the installation site. However, the County reserves the right to elect to provide the portering service if preferred. Display Graphics will use the proposed schedule that is included to determine when the buses will be taken to the installation site.

Approval and acceptance of all work performed and/or material received under this order shall be made by the Director of Transportation or his/her representative.

Display Graphics is experienced in delivering products on a timeline, and understands the need to keep the buses in service as much as possible. Close coordination with Fort Bend will ensure this happens.

We look forward to working with Fort Bend on this project.
