### **Scope**

Fort Bend Juvenile Detention is in the process of having their PLC systems upgraded. While during our walk thru it was noticed that a few areas lacked intercoms to alert staff they at the facility. The facility needs to have the intercoms installed on the outside leading into the facility. JCI will install 5 additional intercoms. The following locations will receive a new flush mounted stainless steel door station:

- Youth Unit A
- Youth Unit B
- Youth Unit C
- Juvenile Unit Hallway Back Entrance
- Dorm room and Rec Room Exit door

The intercom head end will require an expansion module to accommodate the new points. The new intercoms will be programed into the new PLC system. Camera call up will be programmed for each intercom.
