There is a Dow Chemical pipeline crossing the northern portion of the called 324.5 acre tract north of Interstate Highway 10. Additionally the right-of-way granted in Volume 227, Page 331, D.R.F.B.C.T. was amended to be a defined width of only 50' in Volume 246, Page 489, D.R.W.C.T. However this instrument appears to have only applied to that portion of the called 324.5 acre tract north of Interstate Highway 10. Therefore it appears that the subject tracts are still subject to the blanket easement.
