INTRODUCTION

The Fort Bend County Public Transportation Department (FBCPTD) was formed in June 2005 and is governed by the Fort Bend County Commissioners Court. The FBCPTD offers general public, commuter, demand response, shared ride, and point deviation fixed route bus services to the citizens of Fort Bend County. The FBCPTD understands that providing ample opportunities for the public to participate in decision making is essential to delivering transportation solutions that meet the needs of the citizens of Fort Bend County.

Fort Bend County Public Transportation FBCPT is committed to providing an open and visible decision-making process and ensuring equal access for its citizens. FBCPT shall actively solicit the involvement of citizens in the public decision-making process, through public notification, media exposure, community outreach, community presentations, public meetings, and public hearings.

This document describes outreach strategies and procedures to ensure a proactive community outreach program. FBCPT staff will apply the principles and guidance set out in this document to guide its efforts to create public involvement opportunities to ensure thorough public participation in the decision-making process using the regulations and guidance provided in Federal and State law.

PURPOSE

The Public Participation Plan (PPP) is a guide for FBCPT's ongoing public participation activities. The purpose of this PPP is to provide guidance when seeking public input related to projects and service changes and to identify techniques and methodologies for soliciting and considering public input.

The PPP aims to offer early and continuous opportunities for the public to be involved in the decision-making process and to consider the identification of social, economic, and environmental impacts of proposed transportation decisions. It is intended as a guide on how FBCPT will sustain its efforts to engage community members throughout the service area. As established with our Title VI policy, this includes seeking out and considering the viewpoints of minority, low-income, and Limited English Proficiency (LEP) populations as well as older adults and persons with limited mobility in the course of conducting outreach activities.

The PPP is intended to evolve to meet the changing needs of the community. FBCPT may periodically review and revise these methods to incorporate new and innovative ways to involve the public in transportation decision-making processes.

Federal, State, County, and Local Funding

Before 2014, recipients were able to rely on the TIP development process and public outreach of the Metropolitan Planning Organization (MPO) to satisfy the individual and/or joint responsibilities for public participation. This related to the development of program of projects under Section 5307 and other formula programs which have the same statutory grant requirements (5310, 5339, etc.). The requirements have since changed, as stated in FTA Circular 9030.1E, and as a recipient of federal funds, FBCPT is required to request public comment on the funding allocated.

At a minimum, FBCPT will advertise a notice of public comment in the newspaper of record for Fort Bend County. An opportunity to submit comments on Federal and State funding will be provided with a comment period of at least 14 calendar days from the date the advertisement is published. The notice will include a description of the project(s), project cost, Federal, State or Local share, information on how to submit comments along with the office contact information.

A public hearing is not mandatory; however, an opportunity for a public hearing to solicit comment will be provided upon written request. The written request must be received within the 14 calendar day comment period. If a public hearing is requested, a notice of public hearing will be posted in the newspaper of record for Fort Bend County at least one week before the meeting. The notice will include the time, date, and location of the public meeting.

As a sub-recipient of federal funding from Houston METRO, FBCPT projects are included during METRO's public input process. FBCPT also places all funding acceptance or budgetary amendments on Fort Bend County Commissioner's Court for action by the Court. Commissioner's Court meeting notices and agendas are advertised in the County's newspaper of record and on the county website. Each Commissioner's Court meeting provides an opportunity for public comment.

FBCPT participates in the County's annual process for approving departmental budgets. FBCPT budget includes revenues from Federal, State, and Local funding sources which are listed in the County Budget document. A budget hearing is provided to receive comments. The time, date, and location of the hearing will be published in the county newspaper of record.

Comments received will be compiled and considered before finalizing funds and/or budgets. Final changes will be made available to the public. If no changes are made as a result of the public comment and/or public hearing, the proposed funds and/or budgets will be considered final.

Capital Purchases and Improvements

Capital purchases such as buses, furniture, and equipment are included in the Federal, State, County, and Local funding budgets. Comments regarding these purchases will be received as part of the public comment for Federal, State, County, and Local funding.

New Capital Improvements such as facilities, terminals, park and ride sites, and maintenance and administration buildings are also included in the Federal, State, and County, and Local funding budgets. Comments regarding these purchases will be received as part of the public comment for Federal, State, County, and Local funding. In addition, at least one Public Meeting will be held to receive public comments on proposed capital improvements.

Disadvantaged Business Enterprise (DBE)

FBCPT has established a Disadvantaged Business Enterprise (DBE) program in accordance with regulations of the U.S. Department of Transportation (DOT), 49 CFR Part 26. The County has received Federal financial assistance from the Department of Transportation, and as a condition of receiving this assistance, the County has signed an assurance that it will comply with 49 CFR Part 26. In complying with 49 CFR Part 26, FBCPT must establish an overall three-year goal and provide for public participation.

FBCPT will consult with minorities, women's and general contractor groups, community organizations, and other officials or organizations in an effort to gather information concerning DBE's. This information would include the availability of disadvantaged and non-disadvantaged businesses, the effects of discrimination on opportunities for DBEs, and a grantee's efforts to establish a level playing field for the participation of DBEs.

FBCPT will, at a minimum, advertise a notice of public comment announcing the proposed overall three-year goal in the newspaper of record for Fort Bend County. The County may also utilize general circulation media and available minority-focus media and trade publications, and websites. The public notice shall include the proposed goal and its rationale. An opportunity to submit comments will be provided with a comment period of at least 45 days from the date the advertisement is published. The notice will include a brief description of the goal and rationale, how to submit comments, along with office contact information. The goal and the rationale will also be made available for inspection

during regular business hours at the FBCPT offices for a period of at least 30 days following the date of the notice.

After FBCPT completes the public participation process, the goal and its rationale are submitted to the Federal Transit Administration (FTA) for final approval. FBCPT will begin using the overall goal on October 1st of each year unless FTA has issued other instructions. If FBCPT establishes a project goal, it will start using this goal by the time of the first solicitation for a FTA-assisted project contract. FBCPT will post the goal and its rationale on its website where it will remain throughout the three (3) year term.

Emergency, Temporary, and/or Administrative Actions

FBCPT will provide public notice of changes by advertising on the county website and placing notices in buses for service changes due to emergency conditions, road or other construction concerns, and/or other temporary situations, when possible. Other strategies such as email or direct mail to stakeholders might also be utilized.

FBCPT participates in the County's development of Emergency Operations and Evacuation Planning overseen by Fort Bend County's Office of Emergency Management (OEM). The OEM follows Federal, State, and Local guidelines for this process. In emergency situations, public notice falls under the responsibility of local governments. The public should monitor television, radio, and other primary media outlets for direction.

Public Participation Plan

At a minimum, FBCPT will advertise a notice of public comment in the newspaper of record for Fort Bend County for initial adoption of the Public Participation Plan (PPP). An opportunity to submit comments on will be provided with a comment period of at least 45 calendar days from the date the advertisement is published. The notice will include a description of the information on how to submit comments along with the office contact information. Comments received will be compiled and considered before finalizing the plan. Final changes will be made available to the public. If no changes are made as a result of the public comment, the proposed plan will be considered final. Once the PPP is adopted, any changes shall also include a 45 calendar day comment period.

FBCPT also refers to the Transportation Advisory Committee, consisting of community stakeholders, to garner input on operational policies affecting passenger services. Policies are developed with the input of the committee but not formalized or implemented until public comment is received. Input from the committee is sought for the initial creation of policies and/or procedures as well as changes to policies such as the Passenger Guidelines, Charter Policy, and other policy documents or concerns in which the direct provision of transportation service is affected.
