CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Due to worsening conditions, the U.S. Department of Housing and Urban Development has decided to postpone the 2018 CDBG-DR Problem Solving Clinic. The new event dates are December 12-14, 2018 (Wednesday morning – Friday afternoon). You may rebook your airfare travel arrangements for these dates. We will reschedule all room reservations within our room block at the Hilton Atlanta for the new dates. If your room reservation is rescheduled, you will receive a confirmation email by 5pm today. If you have any questions, please contact the CDBG-DR Clinic Registrar at trainings@hudexchange.info.

If your room was booked outside of the room block, you may call the hotel directly and mention the CDBG-DR Problem Solving Clinic and they will waive cancellation/rescheduling fees or email Cassandra.hearst@hilton.com with your full name, dates of reservation, and confirmation number. We will work with you to adjust any registration or hotel reservations as necessary before the rescheduled Clinic.

We realize this complicates already established travel arrangements and sincerely apologize for the late notice.

Sincerely,

CDBG-DR Clinic Registrar

- Useful tips and best practices for launching, designing and implementing CDBG-DR programs

The clinic will also feature panels with experienced grantees and training opportunities for HUD Field Office Staff managing CDBG-DR grants.

Training Objectives

Upon completion of this training, attendees will be able to:

- Understand how to navigate complex rules and requirements and ensure that communities are able to recover from disaster events
- Understand Federal Register, cross-cutting and Housing and Community Development (HCD) Act requirements to ensure grantees develop and implement compliant programs to respond to recovery needs
