Description	Quantity	Price	Amount
Sienna Annex Re-route the irrigation mainline around a newly poured slab which construction needed removed from their area. Route approximately 180 feet of 2" mainline around the proposed slab area and re-connect to existing line. There are two valves involved that will also need to be revised for complete coverage and return the system back to original integrity. Along with mainline and two lateral lines we will need to run two wires and establish flow again to those two valves. Pressure test and backfill	1.00	3,372.38	\$3,372.38
