APPROVED PROJECT DESCRIPTION

As presented in Fort Bend County's FY18 Grant Application, Fort Bend County will provide public transportation throughout the rural transit district service area. Fort Bend County will provide demand response service and deviated fixed route service in the rural areas of Fort Bend County and will provide commuter service for rural residents of Fort Bend County.

Transit provider shall comply with Article 12: Project Records and Reports and Article 13 of the Master Grant Agreement requiring procurement and project milestones / quarterly progress reports. Within 30 days of PGA execution, the subrecipient will provide the TxDOT Public Transportation Coordinator with a project milestone plan that delineates fund expenditures throughout the contract period.

Per Texas Administrative Code (TAC) 31.47, Audit and Project Close-Out Standards: The subrecipient shall make every reasonable effort to complete all project activities and request appropriate reimbursements within the time period specified in the project agreement and TAC 9.136, Suspension or Termination for Cause: On termination of a subgrant, the unexpended and unobligated funds awarded to the subgrantee immediately revert to the department (TxDOT).

TxDOT's Public Transportation Division's (PTN) Federal Transit Administration overall Disadvantaged Business Enterprise (DBE) goal for fiscal years 2018 - 2020 is 2.9 percent of funds expended by grantees. This is not a contract specific goal but an overall goal for annual DBE participation. The full definition of DBE program requirements is found in Article 23 of the Master Grant Agreement.
