- 2021**  
[Raleigh, North Carolina](#)  
[May 9 - 13, 2021](#)
- 2022**  
[Florida - City TBD](#)

The ASFPM annual conference is recognized as the most important floodplain conference in the United States year after year. With more than 120 speakers and 1,200 participants, they are the national conferences all community, state and federal floodplain managers plan to attend. And because of that, many of the most important consulting firms and product vendors associated with floodplain management attend.

In recent years, the attendance has had about an equal number of private, local, state and federal participants from all over the U.S. and several foreign countries.

ASFPM also sponsors and co-sponsors major regional and topical conferences. Every year, there are numerous conferences and workshops of vital interest to all segments of our membership. Please also see our [Floodplain Manager's Calendar](#).
