Certification of Preliminary Estimate of Taxable Value

The Texas Tax Code under § 26.01 Submission of Rolls to Taxing Units added section e and f to the code effective September 1, 2009.

(e) Except as provided by Subsection (f), not later than April 30, the chief appraiser shall prepare and certify to the assessor for each county, municipality, and school district participating in the appraisal district an estimate of the taxable value of property in that taxing unit. The chief appraiser shall assist each county, municipality, and school district in determining values of property in that taxing unit for the taxing unit's budgetary purposes.

(f) Subsection (e) does not apply to a county or municipality that notifies the chief appraiser that the county or municipality elects not to receive the estimate or assistance described by that subsection.

The Certification of the Preliminary Value is very questionable at this time do to a number of issues. The rendition deadline is April 1st but the tax code provides for a 30 day extension on filing the rendition. Income information for the commercial sector will not be provided before May 1. Notices have just been mailed which starts the protest process. There are new commercial Improvement which at the time totals were generated have not been entered. These will be entered and noticed which will be included on the certified roll. Based on this information, I again state the accuracy of the preliminary taxable value estimate as being very questionable.

I, the undersigned, the duly selected, Chief Appraiser of Fort Bend Central Appraisal District, do hereby certify that to the best of my knowledge and belief, the following is the "Preliminary Taxable Value" statement as of April 10 for the tax year 2019 within the jurisdiction of:

** (This value is subject to change through the review process.)**
