RE: Request for One-time Tax Abatement Guidelines Variance on Fort Bend County Drainage District Proposed Tax Abatement to Dollar Tree Distribution, Inc.

Your Honor,

The Greater Fort Bend Economic Development Council (EDC) respectfully requests a variance to the Guidelines and Criteria for Granting Tax Abatements in the Fort Bend County Drainage District (“the Guidelines).

Specifically, the EDC requests that inventory be allowed to be included as eligible property and not excluded as ineligible property with regard to the application for Tax Abatement filed by Dollar Tree Distribution Inc.

It is our opinion that there is good cause in this case to grant the waiver and consider the application. Section X of the Guidelines authorizes the County to approve this request.

Please do not hesitate to contact us if there are questions or if further comment on the application is desired.

Sincerely,

W. Jackson Belt
Executive Vice President
