

DRAINAGE DISTRICT

Fort Bend County, Texas

Monthly Report February 2019

The removal of vegetation from channels during February 2019 was accomplished primarily by herbicide applications. Applications we made on eight (8) channels that included Turkey Creek (I-D), Duval Ditch (II-J-2), Big Creek (II-B), and Coon Creek (II-B-3).

The bridge crew worked on the repair of watergates/fences on Buffalo Creek (I-B-3), Cedar Creek (I-B) and Big Creek (II-B).

Minor slope repair and pipe repair or replacement was done on the following creeks: Turkey Creek (I-D), Buffalo Creek (I-B-3) and Lower Oyster Creek (III).

Work continued on the Big Creek Floodplain Creation Project down-stream of FM 2977 with three bulldozers and four excavators.

The following charts indicate which projects received work and the equipment assigned to each during February 2019.
