Lot 20 of Block 2 of
Oak Lake Estates, Section Four
TSC Surveying Cost Proposal
November 23, 2018

Scope of Services

1. **Abstracting Services**

GeoSurv/TSC will perform abstracting services in support of the proposed acquisition.

2. **R.O.W./Boundary Survey**

GeoSurv/TSC will perform land surveying services to establish property lines and road Right-of-Way lines. Field Crews will locate existing property corners and the office work will use the field information and the abstracting information to construct R.O.W. and property lines.

3. **Preparation of Property Description and Parcel Map for R.O.W. Acquisition**

GeoSurv/TSC will perform the necessary office work prepare proposed acquisition documentation – Property Description (metes & bounds) with Parcel map. The Property Description and the Parcel Map pages will be printed on letter size paper. The final documents will be sealed and signed by an R.P.L.S. Field crews will set the proposed R.O.W. corners prior to submitting final.

Compensation

GeoSurv/TSC proposes to complete the work described in the Scope of Survey Services above for a Total Lump Sum Fee of \$2,900.00 without further modification to the scope.

Schedule

GeoSurv/TSC will be complete the work described in the Scope of Services for Tasks 1-3 for preliminary submittal within fifteen (15) calendar days after receipt of your written notice to proceed for your review. We will complete the work to finalize the documents and set corners in the field within seven (7) calendars after receipt of your review comments pending unforeseen circumstances.

Deliverables

The deliverables will be a parcel map with property description, sealed and signed by an RPLS – hard copy.

We appreciate your confidence in GeoSurv, Inc. dba TSC Surveying (GeoSurv/TSC) and look forward to working with you on this project. If you have any questions, please call me at 713-784-4466, ext. 736.

Sincerely,

Daniel P. Coyer
