Fort Bend Regional Council on Substance Abuse, Inc.
10435 Greenbough, Suite 250
Stafford, Texas 77477

Dear Mrs. Poynor:

Fort Bend County is pleased to support the Fort Bend Regional Council on Substance Abuse, Inc. (FBRC) in its mission to *provide families and individuals with the substance abuse prevention, education, and treatment services they need for positive change for themselves and the community* through the planning and implementation of Texas Health and Human Services Commission prevention programs beginning September 1, 2019 to August 31, 2020.

FBRC has a proven record of providing prevention programs to school-age youth in Fort Bend County spanning over 25 years. Because other resource agencies cannot provide sufficient prevention services to the community, FBRC's prevention programs help reduce the risk factors and increase the resiliency and community protection for the youth that we serve.

FBRC's programs include those designed to reach universal, selective and indicated groups of children and adolescents to prevent substance abuse. Fort Bend County is pleased to work with FBRC with all its prevention programs.

We support the development of skills and abilities that help to reduce risk behaviors and increase protective factors for all youth. As a partner agency with FBRC, we will support the program by and through our Behavioral Health Services Department to:

- Actively cooperating to support and expand a community-wide comprehensive network to reduce the risk for substance use and associated problems throughout Fort Bend County.
- Continue to make referrals to FBRC and collaborate to generate new programs to fill gaps in services in our community.

Fort Bend County looks forward to continuing our partnership with FBRC in providing prevention services to our community.

Sincerely,

KP George
County Judge
